CENTURY PEAK METALS HOLDINGS CORPORATION

Units 1403 & 1404, Equitable Bank Tower Condominium
8751 Paseo De Roxas, Salcedo Village, Makati City, Philippines 1227

PART I - FINANCIAL STATEMENTS

Item 1. Financial Statements and General Disclosures

a. Financial Statements

A copy of the unaudited consolidated financial statements of Century Peak Metals Holdings Corporation (the “Issuer”, the “Corporation” or the “Company”) as at and for the nine months ended September 30, 2018 is attached as **Annex 1**.

The copy of the audited financial statements of the Issuer as at and for the year ended December 31, 2017 is attached to the Definitive Information Statement of the Issuer as **Annex A**.

b. Assets

The following significant items comprise the Company’s assets as at September 30, 2018.

Property, Plant and Equipment

The carrying value of property and equipment amounted to P920.2 million and P948.6 million as at September 30, 2018 and December 31, 2017, respectively.

This account includes mine site development costs referring to costs incurred in the construction of road network, pier and stockyard. Measurement and recognition of this asset refers to those of property and equipment being used to develop and maintain CPC’s mineral right property in Casiguran Property which has indicated various degrees of nickel mineralization.

Mine site development costs, transportation and field equipment were part of the group of assets acquired. These assets are initially recognized in the consolidated statement of financial position based on allocation of the total acquisition cost using their relative fair value.

Explored Mineral Resources

Explored mineral resources are part of the group of assets of CPC that were acquired in 2008, in exchange for shares of stock of the Parent Company. At acquisition date, these explored mineral resources were measured based on the expected cash flows from the explored area of about 400.0 hectares or 42.0% of total area covered by the MPSA.

The valuation also considered CPC's existing exploration permit in Puerto Princesa, Palawan covering an estimated area of 3,188.3 hectares and exploration permit application in Albor, Surigao del Norte with an estimated area of 5,136.3 hectares, without assigning financial or monetary value. Costs of exploration permits were immaterial and were charged to profit or loss. In addition, the valuation did not include any assignment of operating agreements and additional mining tenements that may contain other minerals.

The financial model yielded an expected NPV on CPC's group of assets amounting to P2.0 billion using an investment hurdle rate of 36.6%. The NPV computation assumed an average selling price of USD 27,500.0 per metric ton of pure nickel, which considered a 16.2% discount to London Metal Exchange quoted prices; a 15-year production and selling period with a maximum annual production yield of 2.0 million metric tons; and an average production cost of USD 6.4 per wet metric ton. The valuation was prepared by Asian Alliance Investment Corporation (AAIC), an independent financial advisor. Subsequently, the Parent Company appointed Multinational Investment Bancorporation (MIB), another independent financial advisor, to render fairness opinion to the valuation. The result of MIB's report dated April 9, 2008 fairly approximated that of AAIC's report.

For purposes of computing the net present value using discounted cash flow method, the valuation of intangible assets involves the extraction of non-replaceable resource.

The assumptions used in the valuation included a number of market factors that are subject to market risk, such as commodity risk and currency risk. Significant changes in the commodity prices and foreign exchange rates would affect the fair value of the explored mineral resource.

The carrying value of explored mineral resources amounted to P1,652.2million and P1,667.8million as at of September 30, 2018and as at December 31, 2017, respectively.

Deferred Tax Assets

The Group's deferred tax assets in the consolidated statement of financial position as at September 30, 2018 and December 31, 2017 amounted to P8.2 million and P7.9 million, respectively.

Other Noncurrent Assets

The other noncurrent assets pertain mainly to the non-current portion of deferred input vat and funds to promote the welfare of inhabitants, amounting to P96.4 million and P93.4 million as at September 30, 2018 and December 31, 2017, respectively.

Rehabilitation funds were set up by the Group to ensure availability of financial resources for the satisfactory compliance with and performance of activities of its Environmental Protection and Enhancement Program during the specific phases of its mining projects. The funds also include a Social Development Management Program fund under a Memorandum of Agreement with the Development Bank of the Philippines.

The Group's rehabilitation funds are deposited with the said bank and earn interest at the respective bank deposit rates.

AFS financial assets pertain to the Parent Company's 3% ownership in Century Peak Development, Inc. representing 15,000 shares at P100.00 par value, which are measured at cost in the absence of fair value.

c. *Liabilities*

Accounts payable and other current liabilities

The Company's accounts payable are usually paid within one year. Contractor's fees pertain to outstanding payables to previously engaged contractor. Such amount is being negotiated by both parties. Others include statutory payables, accrued salaries and various items that are individually immaterial.

Related Party Payables

Enterprises and individuals that directly, or indirectly through one or more intermediaries, control, or are controlled by, or under common control with the Group, including holdings companies, subsidiaries and fellow subsidiaries are related entities of the Group. Associates and individuals, owning, directly or indirectly, an interest in the voting power of the Group that gives them significant influences over the enterprise, key management personnel, including directors and of officers of the Group and close members of the family of these individuals and companies associated with these individuals also constitute related entities. Transactions between related parties are accounted for at arm's-length prices or

on terms similar to those offered to nonrelated entities in an economically comparable market.

In considering each possible related entity relationship, attention is directed to the substance of the relationship, and not merely the legal form. Significant related party transactions represent mainly availment of non-interest-bearing advances from stockholder for working capital purposes. As at September 30, 2018 and December 31, 2017, the total outstanding advances from a stockholder amounted to P491.0 million and P204.2 million, respectively. The advances are payable on demand.

The outstanding balances are unsecured without fixed repayment terms and interest.

d. *Income Statement*

During the nine months ending on September 30, 2018, the Group's operation resulted to net loss of P73.7 million.

During the nine-month period ending on September 30, 2018, no shipment of nickel ore was mined and shipped by the Group as there is no available contractor for the said period.

Operating expenses of P57.5 million and P78.4 million for the nine months ending on September 30, 2018 are 27% lower compared to those for the same period in 2017, due to a decrease in the operating expenses incurred on the said nine month period.

The Group's operating expenses for the nine months ending on September 30, 2018 pertain mainly to taxes and licenses, salaries and professional fees, which represent 25%, 23% and 8%, respectively of the total operating expenses.

Item 2. Information on Independent Accountants

The principal external auditor is the firm R. G. Manabat & Co., CPAs. The Company engaged Mr. Vernilo G. Yu, partner of R. G. Manabat & Co., CPAs, for the audit of the Company's books and accounts in 2017.

a. *External Audit Fees*

The Group paid its external auditors the following fees for the last two (2) years for professional services rendered:

	2017	2016
Audit & audit-related fees	P1,000,000	P900,000
Tax fees	-	-

All other fees - -

Except for the audit of the Corporation's financial statements, no other professional services are rendered to the Corporation by the external auditor.

The payment of the foregoing fees is in accordance with the Audit Committee's approval policies and procedures.

PART II - MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATIONS

Item 1. Business of the Issuer

Century Peak Metals Holdings Corporation ("CPMHC", the "Company", the "Parent Company", or the "Issuer"), was registered with the Philippine Securities and Exchange Commission ("SEC") on December 30, 2003. On February 15, 2008, the SEC approved the change in the Company's corporate name to Century Peak Metals Holdings Corporation.

On April 14, 2008, the SEC approved the amendment of the Company's articles of incorporation specifically, its primary purpose, which was changed to include "promoting, operating, managing, holding, acquiring or investing in corporations or entities that are engaged in mining activities or mining-related activities." The Company further expanded its primary purpose to include "investing in real estate development and energy," which amendment was approved by the SEC on March 18, 2010. The Company listed its common shares of stock with the Philippine Stock Exchange ("PSE") on October 6, 2009.

The registered office address of the Parent Company is at Units 1403 and 1404 Equitable Bank Tower Condominium, 8751 Paseo de Roxas, Makati City.

As of September 30, 2018, the Company has six subsidiaries, the wholly-owned subsidiaries Century Peak Corporation ("CPC"), Century Peak Minerals Development Corporation ("CPMDC"), and Century Peak Cement Manufacturing Corporation ("CPCMC"), 55%-owned subsidiary Century HuaGuang Smelting Incorporated ("CHGSI"), 60%-owned subsidiary Century Sidewide Smelting Incorporated ("CSSI") and 80%-owned subsidiary, through CPC, Century Summit Carrier, Inc. ("CSCI").

In 2017, the Group sold 654,604 WMT of Nickel Ore which resulted to operating loss P56.9 million. Meanwhile in 2016, the Group sold 947,737 WMT of nickel ore which resulted to the Group's operating loss to P54.9 million. There were 337,349 WMT sales of mineral ore from CPC operations in 2015 which resulted to the Group's operating loss amounting to P61.6 million.

The Group's revenue decreased by P94.6 million in 2017 as compared in 2016 due to the decrease in the number of shipments made during the year 2017. Relatively, the cost of sales decreased to P128.8 million in 2017 from P333.6 million in 2016, or a 61% decrease due to the decrease in the production during the year 2017. The cost of sales includes depletion, depreciation and amortization, fuel and oil, labor cost, contractor's fee, transportation, materials, security fees, utilities and other charges. Contractor's fee is computed based on agreed rate per wet metric ton sold by CPC.

The Group's operating expenses pertain mainly to royalties, excise tax salaries and wages, professional fees, service fee, demurrage and depreciation and amortization which represent 90% of the Group's total operating expenses in 2017. The total operating expenses increased by 44% or P28.4 million in 2017 due to decrease in the operating expenses incurred during the year of 2017.

Provision for current income tax in 2017 for the Group amounted to P11.1 million.

Item 4. Plan of Operations

Mining Operations

CPC's ISO 14001 Certification was issued last November 2016. The Certification was issued by DQS/IQ Net, as the Certifying Agency based in Germany.

CPC's focus is to continue fulfilling the compliances for environmental rehabilitation and implementation of social development and management programs. Recently, CPC was commended by MGB Region XIII during the EPEP conference held at Gateway Hotel in Surigao City for efficient implementations of both activities. CPC was also nominated as the Safest Mines Awards for the Presidential Mineral Industry Environmental Award (PMIEA) Under Surface Mining Category last August 11, 2017.

This mining season, CPC is targeting to have a total production of low grade nickel high iron laterite ores of approximately 900,000 Wet Metric Tons (WMT).

During the nine months ending on September 30, 2018, the Group negotiated with a new contractor for CPC, performed rehabilitations and conducted technical studies for the improvements [in operations?] in preparation for future operations. For the 4th quarter of 2018, the Company forecasted two shipments of nickel ore.

The Smelting Plant Project

The Group's smelting plant project, which is to be undertaken through its subsidiary CHGSI, is located at Leyte Industrial Development Estate (LIDE) in Isabel, Leyte. The Environmental Compliance Certificate for the smelting plant project was issued last April 16, 2010. Initial civil works have been undertaken on the smelting plant. However, in late 2013, typhoon Yolanda wrought massive devastation in Leyte Island, significantly impairing the value of CHGSI assets in Leyte. Despite this, the company is optimistic that it will be able to pursue operations in the future as negotiations with investors and technology partners are ongoing.

The Coking Coal Plant Project

Also to be located at the LIDE, CHGSI has an approved application with PEZA for its proposed Coking Coal Production Project, and the Supplemental Agreement to its Registration Agreement last 28th October 2009 was signed into effect last March 01, 2011. The Company's Coking Coal Plant project will be a support system to its Ferro-Nickel Smelting Plant. It is CHGSI's approach to making the Ferro-Nickel Smelting Plant as self-sustaining as possible.

CHGSI has received its Amended Environmental Compliance Certificate (ECC), with Reference Code 1003-0011 issued by the Environmental Management Bureau (EMB), Central Office, to include the installation of a Coking Coal Plant to be located at the LIDE.

The Shipping Company

Century Summit Carrier Inc. complements the mining operations of CPC. It owns three (3) units of landing craft tanks (LCT) (self-propelled barges) with a capacity of 3000DWT. Two of the vessels are registered with the MARINA under the names of Century Summit 1 and Century Summit 2. These vessels are utilized for the mining operations of CPC.

The management of CPMHC looks forward to 2018 that will be marked by the development of the great potentials that can be tapped from the resources of the Company.

The Cement and Limestone Project

On November 18, 2010, the Group through CPC entered into a joint operating agreement with Philippine Mining Development Corporation (PMDC), whereby CPC will act as the operator in the exploration, development, mining operation and utilization of the limestone and associated mineral deposits in Toledo and Pinamungahan, Cebu owned by PMDC. The mineral deposit has a total area of 4,795 hectares with an initial resource assessment conducted in 2012 on an 81 hectare area estimate as indicated limestone resource of 34,000,000 metric tons. The agreement has a term of 25 years and will entitle PMDC to a certain percentage of gross sales from the limestone project.

In April and July 2015, the Group was able to obtain the ECC for the Cement Plant/Power Plant and Limestone Quarry Project, respectively.

Registration of CPCMC with the BOI

On January 2, 2018, CPCMC was registered with the BOI with Certificate of Registration No. 2018-015 on its mining and extraction of cement in Pinamungahan, Cebu as a New Producer of Cement on a Non-Pioneer Status under the Omnibus Investments Code of 1987 (Executive Order No. 226).

As a BOI-registered entity, CPCMC is entitled to the following incentives, among others:

- a. ITH for four (4) years from October 2020 or actual start of commercial operation, whichever is earlier but in no case earlier than the date of registration;
- b. Importation of capital equipment, spare parts and accessories at zero duty;
- c. Additional deduction from taxable income of fifty percent (50%) of the wages corresponding to the increment in number of direct labor for skilled and unskilled workers in the year of availment as against the previous year, if the project meets the prescribed ratio of capital equipment to the number of workers set by the Board. This may be availed of for the first five (5) years from the date of registration but not simultaneously with ITH;
- d. Importation of consigned equipment for a period of ten (10) years from the date of registration subject to posting of re-export bond;
- e. Tax credit equivalent to the national internal revenue taxes and duties paid on raw materials and supplies and semi-manufactured products used in producing its export product forming part thereof for a period of ten (10) years from start of commercial operations;
- f. Exemption from wharfage dues, any export tax, duties, imposts and fees for a ten (10) year period from the date of registration;
- g. Employment of foreign nationals. This may be allowed in supervisory, technical or advisory position for five (5) years from the date of registration. The president, general manager and treasurer of foreign-owned registered enterprises or their equivalent shall not be subject to the foregoing limitations; and
- h. Simplification of customs procedures for the importation of equipment, spare parts, raw materials and supplies.

Item 5. Liquidity and Capital Resources

The Group has funded its pre-operating expenses through capital-raising exercise that started in October 2007. With the current rate of operations and sales of nickel ore, the Group believes that it can generate sufficient resources to finance its working capital requirements. The Group expects to regularly undertake shipment of ore and the corresponding management and collection of accounts receivable, and temperance of accounts payable. Capital expenditures such as the additional purchase of property and equipment can be met by the Group via collections from sales and, if necessary, infusions of either equity or debt through the shareholders. All funding for the Group's operations for the next 12 months shall be internally generated. The majority shareholder has committed to continually provide working capital to the Group to assure its continuous operations.

Item 6. Financial Condition

Debt to equity ratio	24%	11%		9%	

The net increase in current assets mainly pertains to increase in inventories and other current assets amounting to P118.4 million and P34.5 million, respectively. The increase in the inventories was due to no shipments being made for the nine month period ending on September 30, 2018.

The noncurrent assets of the Group mainly consist of explored mineral resources, property and equipment and development costs. The net increase mainly due to additions in development costs and property and equipment net of depreciation expense charged for the nine months ended September 30, 2018.

The liabilities of the Group mainly consist of payables to contractors, suppliers and related parties. The payable to related parties represents advances which were used to finance the operation of the Group. The increase was mainly due to additional payable to contractors and suppliers of spare parts.

Item 7. Top Key Performance Indicators

Results of operations are analyzed using the following key performance indicators, among other measures:

Tons Extracted and Ore Grade Sold and Shipped

Tons extracted and ore grade are key determinants of sales volume. Higher tonnage and ore grade are directly proportional to revenue level.

Actual Production Cost

Production cost per ton is a key measure of operating efficiency. A lower unit production cost both in ore extraction and smelting operation will result in the Group's meeting, if not exceeding, its profitability targets.

Earnings per Share

The Company's earnings per share is a key measure of the Company's effectiveness in meeting its financial targets that in turn, will provide investors comparable benchmarks relative to similar companies.

Item 8. Other Information

Century Peak Corporation (CPC)

On May 7, 2010 CPC was registered with the Board of Investments (BOI) with Certificate of Registration No. 2010-093, on its mining and extraction of nickel ore at Casiguran, Loreto, Province of Dinagat, as a new project on a Non-Pioneer Status under the Omnibus Investments Code of 1987 (Executive Order No. 226).

As a BOI-registered entity, CPC is entitled to the following incentives, among others:

- a. Tax credit on taxes and duties paid on raw materials and supplies used in producing its export product for a period of ten (10) years from start of commercial operations;
- b. Importation of consigned equipment for a period of ten (10) years from date of registration, subject to posting of re-export bond;

- c. Exemption from wharfage dues, any export tax, duties, imposts and fees for a ten (10) year period from date of registration; and
- d. Simplification of customs procedures for the importation of equipment, spare parts, raw materials and supplies.

DENR Mining Audit

Mining Audit

In a letter dated October 3, 2016, the DENR notified CPC of the results, findings and recommendations of the mining audit conducted by the DENR on the operations of CPC in Loreto and Libjo, Dinagat Islands, pursuant to the DENR Memorandum Circular No. 2016-01 regarding the Audit of All Operating Mines and Moratorium on New Mining Projects, issued on July 29, 2016.

In a letter dated October 25, 2016, CPC responded to the DENR by submitting a complete update on the changes implemented by CPC following DENR's recommendations.

On January 16, 2017, a Memorandum to the Secretary of DENR was submitted by the DENR's Technical Review Committee, which is tasked to review the results of the mining audit report and submitted comments and the explanation of CPC. The Committee recommended the suspension of the CPC's Environmental Compliance Certificate (ECC), Ore Transport Permit and/or Mineral Export permit pertaining to its mining operations in Loreto and Libjo, Dinagat Islands, and the imposition of a fine on CPC for various alleged violations.

On February 2, 2017, the DENR released a list of mining firms for closure and suspension. CPC was excluded on the aforementioned list.

CPC has not received any formal letter from the DENR pertaining to the suspension of its ECC, Ore Transport Permit and/or Mineral Export Permit.

On February 15, 2018, DENR issued a list of companies with denied or rejected MPSAs. CPM or any of its subsidiaries is not included in the mentioned report.

Century Peak Cement Manufacturing Corporation (CPCMC) and Century Peak Minerals Development Corporation (CPMDC)

On November 18, 2010, the Group, through CPC, entered into a joint operating agreement with Philippine Mining Development Corporation (PMDC), whereby CPC will act as the operator in the exploration, development, mining operation and utilization of the limestone and associated mineral deposits in Toledo and Pinamungahan, Cebu owned by PMDC. The mineral deposit has a total area of 4,795 hectares with an initial resource assessment conducted in 2012 on an 81 hectare area estimate as indicated limestone resource of 34,000,000 metric tons. The agreement has a term of 25 years and will entitle PMDC to a certain percentage of gross sales from the limestone project.

In April and July 2015, the Group was able to obtain the ECC for the Cement Plant/Power Plant and Limestone Quarry Project, respectively.

Registration of CPCMC with the BOI

On January 2, 2018, CPCMC was registered with the BOI with Certificate of Registration No. 2018-015 on its mining and extraction of cement in Pinamungahan, Cebu as a New Producer of Cement on a Non-Pioneer Status under the Omnibus Investments Code of 1987 (Executive Order No. 226).

As a BOI-registered entity, CPCMC is entitled to the following incentives, among others:

- a. ITH for four (4) years from October 2020 or actual start of commercial operation, whichever is earlier but in no case earlier than the date of registration;
- b. Importation of capital equipment, spare parts and accessories at zero duty;
- c. Additional deduction from taxable income of fifty percent (50%) of the wages corresponding to the increment in number of direct labor for skilled and unskilled workers in the year of availment as against the previous year, if the project meets the prescribed ratio of capital equipment to the number of workers set by the Board. This may be availed of for the first five (5) years from the date of registration but not simultaneously with ITH;
- d. Importation of consigned equipment for a period of ten (10) years from the date of registration subject to posting of re-export bond;
- e. Tax credit equivalent to the national internal revenue taxes and duties paid on raw materials and supplies and semi-manufactured products used in producing its export product forming part thereof for a period of ten (10) years from start of commercial operations;
- f. Exemption from wharfage dues, any export tax, duties, imposts and fees for a ten (10) year period from the date of registration;
- g. Employment of foreign nationals. This may be allowed in supervisory, technical or advisory position for five (5) years from the date of registration. The president, general manager and treasurer of foreign-owned registered enterprises or their equivalent shall not be subject to the foregoing limitations; and
- h. Simplification of customs procedures for the importation of equipment, spare parts, raw materials and supplies.

As of record date, the command center and the causeway for the Cement Plant located at Pinamungahan, Cebu has already been installed, and other major infrastructure projects are currently on going.

Century HuaGuang Smelting Incorporated (CHGSI)

On October 28, 2009, CHGSI was registered with the Philippine Economic Zone Authority ("PEZA") under Republic Act (RA) No. 7916 as an ecozone export enterprise to engage in the production of ferro-nickel (pig iron) at the Leyte Industrial Development Estate - Special Economic Zone (LIDE-SEZ).

By virtue of its PEZA Registration, CHGSI is entitled, among other incentives, to four (4) years Income Tax Holiday, which shall be reckoned upon its start of commercial operations, as well as tax and duty free importation of its capital equipment and raw materials, subject to its compliance with the terms and conditions of its registration.

CHGSI Registration with MGB and EMB

CHGSI has filed its application for a Mineral Processing Permit (MPP) for its Smelting Plant and is currently under evaluation with the MGB Regional Office, Region 8. It has received its Amended Environmental Compliance Certificate (ECC), with Reference Code 1003-0011 issued by the Environmental Management Bureau (EMB) - Central Office, to include the installation of a Coking Coal Plant, aside from its smelting plant, also to be located at the Leyte Industrial Development Estate (LIDE) in Isabel, Leyte.

Century Sidewide Smelting Incorporated (CSSI)

The Company entered into partnership with Sidewide Resources (H.K.) Limited, a subsidiary of Chaoyang Saiwai Mining Co., Ltd. of P.R. China. This group owns an iron powder processing plant, electric furnace smelting plant, and primarily does trading of mineral ore. Sidewide Resources (H.K.) Limited has offices in Beijing, Shanghai and Hong Kong. It is the Company's plan to set up electric furnaces in the future to enhance the production of its nickel pig-iron. From this newly formed partnership CSSI was incorporated in the Philippines and its Certificate of Registration was issued by the SEC on September 6, 2011.

Century Summit Carrier, Inc. (CSCI)

On December 8, 2011, CSCI was registered with the Marina Industry Authority ("Marina") with Certificate No. DSO-2006-003-095 (2011) under Marina Circular 2006-003 issued pursuant to Section 4 Paragraph 2 and Section 6 (a) of Presidential Decree No. 474 and Section 12 (a) of Executive Order No. 125-A Republic Act to engage in Domestic Shipping Business.

Mineral Rights

The table below summarizes the Group's mineral rights, which were acquired through CPC, as at June 30, 2015:

<u>Tenement Designation</u>	<u>Area Covered (in Hectares)</u>	<u>Location</u>
Mineral Production Sharing Agreement (MPSA) 010-92-X	<u>1,198</u>	<u>Casiguran, Loreto, Dinagat Islands</u>
MPSA-283-2009-XIII-SMR Application for Mineral Production Sharing Agreement (APSA) 086-XIII	<u>3,188</u>	<u>Libjo (Albor), Dinagat Islands</u>
	<u>660</u>	<u>Acoje, Loreto, Dinagat Islands</u>

CPC acquired MPSA-010-92-X or the "Casiguran Nickel Project," by virtue of a deed of assignment executed with Casiguran Mining Corporation on May 29, 2006, which was approved by the Department of Environment and Natural Resources (DENR) on December 11, 2006.

MPSA-283-2009-XIII-SMR was approved by the DENR on June 19, 2009.

The Acoje Property is covered by APSA-086-XIII and Environmental Compliance Certificate (ECC) No. 008-345-301C. APSA-086-XIII is still in process with the MGB Central Office as at October 6, 2017. CPC is the operator of this property by virtue of Memorandum of Agreement between CPC and Maharlika Dragon Mining Corporation executed on April 4, 2008 and registered with the Mines and Geosciences Bureau (MGB) Regional Office No. XIII on July 30, 2008. On March 25, 2014, CPC and CRAU Mineral Resources Corporation, owner of 47.5% of the property, entered into a Deed of Conditional Assignment transferring to the former the latter's interest over the said mineral property. Initial payment for the property was made on June 11, 2014 and the Deed of Conditional assignment was registered with MGB Regional Office No. XIII on July 4, 2014.

CPC has a Joint Operating Agreement with PMDC as the operating partner for the exploration, development and mining operations of the Pinamungahan Limestone Property. This covers an area of 4,795 hectares located in Toledo and Pinamungahan, Cebu.

Mining Operations

The Group has ongoing exploration work through CPC in its properties in the Province of Dinagat Island.

CPC released two Geologic Resource Evaluation Reports covering the Casiguran Nickel Project and a Resource Evaluation Report covering Rapid City Parcel II Prospect under

MPSA-283-2009-XIII-SMR. These reports were prepared by Dr. Carlo A. Arcilla, an accredited competent person in accordance with the definition of the Philippine Mineral Reporting Code.

Based on the reports, the Casiguran Nickel Project has a combined indicated and measured resource of 9,897,000 DMT with a grade of 1.02% nickel (at 0.8% nickel cut-off). The Rapid City Parcel II Prospect reveal a combined indicated and measured resource of 9,067,000 DMT with a grade of 1.07% nickel (at 0.8% nickel cut-off). These represent 100,000 metric tons of pure nickel and 3.5 million tons of iron in respect of the Casiguran property, and 90,000 tons of pure nickel and 3.8 million tons of iron in respect of the Rapid City Parcel II Prospect, subject to mining plans and metal recovery parameters.

Management looks forward to continue developing and exploring these mineral properties either on its own or with joint venture partners.
