CENTURY PEAK METALS HOLDINGS CORPORATION AND SUBSIDIARIES
NOTES TO CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS

1. Corporate Information

Century Peak Metals Holdings Corporation (CPMHC or the “Parent Company”), was incorporated and registered with the Philippine Securities and Exchange Commission (SEC) on December 30, 2003.

The Parent Company is engaged in promoting, operating, managing, holding, acquiring or investing in corporations or entities that are engaged in mining activities or mining-related activities. The Parent Company is also engaged in investing in real estate development and energy.

The Parent Company listed its common shares of stock with the Philippine Stock Exchange (PSE) on October 6, 2009.

The Parent Company operates as the holding company of the following subsidiaries:

| | Percentage of Ownership ^(a) | |
|--|--|----------|
| | Direct | Indirect |
| Century Peak Corporation (CPC) | 100.00 | - |
| Century Peak Mineral Development Corporation (CPMDC) ^(b) | 100.00 | - |
| Century Peak Cement Manufacturing Corporation (CPCMC) ^(b) | 100.00 | - |
| Century Sidewide Smelting Incorporated (CSSI) ^(c) | 60.00 | - |
| Century HuaGuang Smelting Incorporated (CHGSI) ^(c) | 55.00 | - |
| Century Summit Carrier, Inc. (CSCI) ^(d) | - | 80.00 |

^(a)Based on the Parent Company’s interest in the issued and outstanding shares of the subsidiaries.

^(b)CPMDC and CPCMC were incorporated in 2015 and have not yet started commercial operations.

^(c)CSSI and CHGSI have not yet started commercial operations.

^(d)Owned by the Parent Company through CPC.

The registered office address of the Parent Company and its subsidiaries (collectively referred to as the “Group”) is at 14/F Equitable Tower, 8751 Paseo de Roxas, Salcedo Village, Makati City.

The Parent Company's subsidiaries were all incorporated in the Philippines and registered with the SEC. Their principal activities are as follows:

| | |
|---------------|--|
| CPC and CHGSI | Invest in and engage in the business of operating and mining of any mineral resources in the Philippines such as iron, ore, copper, gold, silver, lead, manganese, chromite, nickel, etc. |
| CSSI | Invest in and engage in the business of operating and mining of any mineral resources in the Philippines and to engage in the business of managing, administering solid waste disposal system. |
| CPMDC | Engaged in the business of operating and mining mineral resources in the Philippines, such as limestone, lime, silica, iron ore, copper, gold, silver, lead, manganese, chromite, nickel, among other minerals, both metallic and non-metallic; prospecting, exploring, milling, concentrating, converting, smelting, treating, refining, manufacturing, and preparing for market, whether export or domestic, such mineral resources and producing and dealing in all its products and by-products of every kind and description and by whatsoever process, the same can be or may hereafter be produced. |
| CPCMC | Engaged in the business of manufacture, production and merchandising, whether export or domestic, of cement, cement products and by-products, including its derivatives and any and all kinds of minerals and building materials. |
| CSCI | Engaged in the business of operating barges, steamships, motorboats and other kinds of water crafts for the transportation of cargoes and passengers. |

Mineral Rights of CPC

The table below summarizes CPC's mineral rights:

| Tenement Designation | Area Covered (in Hectares) | Location |
|---|-------------------------------|------------------------------------|
| Mineral Production Sharing Agreement (MPSA) 010-92-X | 1,198 | Casiguran, Loreto, Dinagat Islands |
| MPSA-283-2009-XIII-SMR Application for Mineral Production Sharing Agreement (APSA) 086-XIII | 3,188 | Libjo (Albor), Dinagat Islands |
| | 718 | Acoje, Loreto, Dinagat Islands |

MPSA-010-92-X or the "Casiguran Nickel Project," was acquired by CPC from Casiguran Mining Corporation by virtue of a deed of assignment on May 29, 2006, which was approved by the Department of Environment and Natural Resources (DENR) on December 11, 2006. In addition, MPSA-283-2009-XIII-SMR or the "Rapid City Parcel II Prospect" ("Rapid City") was approved by the DENR on June 19, 2009.

The Acoje Property is covered by APSA-086-XIII and Environmental Compliance Certificate (ECC) No. 008-345-301C. APSA-086-XIII is still under final evaluation with the Mines and Geosciences Bureau (MGB) Central Office as at June 30, 2018.

DENR and Mining Audit

Mining Audit

On a letter dated October 3, 2016, the DENR notified CPC of the results, findings and recommendations of the mining audit conducted for the operations in Loreto and Libjo, Dinagat Islands pursuant to the DENR Memorandum Circular No. 2016-01 re: "Audit of All Operating Mines and Moratorium on New Mining Projects" issued on July 29, 2016.

On a letter dated October 25, 2016, CPC responded by submitting a complete update on the DENR recommendations and changes implemented by CPC.

On January 16, 2017, a "Memorandum to the Secretary, was submitted by the DENR's Technical Review Committee, which is tasked to review the results of the mining audit report and submitted comments and explanation of CPC, recommending the suspension of the CPC's Environmental Compliance Certificate (ECC), Ore Transport Permit and/or Mineral Export permit pertaining to its mining operations in Loreto and Libjo, Dinagat Islands and fined CPC for various violations.

On February 2, 2017, the DENR released a list of mining firms for closure and suspension. CPC was excluded on the aforementioned list.

CPC has not received any formal letter from the DENR pertaining to the suspension of its ECC, Ore Transport Permit and/or Mineral Export permit.

DENR Adverse Findings on the Cement and Limestone project

On December 14, 2016, the DENR issued a Notice of Adverse Findings (NAF) with regards to CPC's ECC-CO-1505-0017 for the proposed Cement and Limestone project (the "Project") in Pinamungahan, Cebu.

On a letter dated December 23, 2016, CPC responded to the issued NAF by the DENR indicating that the Project's ECC should not be cancelled nor suspended as CPC has substantively complied with the conditions set forth in the ECC.

CPC has not received any formal letter from the DENR pertaining to their reply on the NAF.

The Smelting Plant Project

CHGSI

CHGSI was registered and incorporated with the SEC on January 14, 2008. The principal activities of CHGSI are to invest in and engage in the business of operating and mining mineral resources in the Philippines such as iron ore, copper, gold, silver, lead, manganese, chromite, nickel, etc.; prospecting, exploring, milling, concentrating, converting, smelting, treating, refining, and manufacturing; preparing for the market, whether export or domestic; and producing and dealing in all its products and by-products of every kind and description and by whatsoever process the same can be or may be hereafter be produced.

On October 28, 2009, CHGSI was registered with Philippine Economic Zone Authority (PEZA) under Republic Act (RA) No. 7916 as an ecozone export enterprise engaged in the production of ferro-nickel (pig iron) at the Leyte Industrial Development Estate - Special Economic Zone (LIDE-SEZ).

By virtue of its PEZA registration, CHGSI is entitled to, among other incentives, four (4) years income tax holiday, which shall be reckoned upon its start of commercial operations, as well as tax and duty free importation of its capital equipment and raw materials, subject to its compliance with the terms and conditions of its registration.

CSSI

In 2011, the Parent Company entered into a partnership with Sidewide Resources (H.K.) Limited, a subsidiary of Chaoyang Saiwai Mining Co., Ltd of P. R. China., a group that owns an iron powder processing plant, electric furnace smelting plant, and primarily does mineral ore trading. It is the Parent Company's plan to set up electric furnaces in the future to enhance the production of its nickel pig iron. From this formed partnership, CSSI is incorporated.

As at June 30, 2018, CSSI has not yet started with its commercial operation.

Mining Operations

CPC has mining activities in selected areas covered by its MPSA in the province of Dinagat Islands.

There are two Geologic Resource Evaluation Reports for the Casiguran Nickel Project and a Resource Evaluation Report for the Rapid City Parcel II Prospect, which were prepared by Dr. Carlo A. Arcilla, an accredited competent person in accordance with the definition of the Philippine Mineral Reporting Code.

Based on the reports, the Casiguran Nickel Project and Rapid City Parcel II Prospect have a combined indicated and measured resource of 9,897,000 DMT with a grade of 1.02% nickel (at 0.8% nickel cut-off) and 9,067,000 DMT with a grade of 1.07% nickel (at 0.8% nickel cut-off), respectively. These represent 100,000 metric tons of pure nickel and 3.5 million tons of iron and 90,000 tons of pure nickel and 3.8 million tons of iron for the Casiguran Nickel Project and Rapid City Parcel II Prospect, respectively, subject to mining plans and metal recovery parameters.

Management looks forward to continue developing and exploring these mineral properties either on its own or with joint venture partners.

Extension of Mineral Production Sharing Agreement (MPSA) 010-92-X (Casiguran Nickel Project)

On May 11, 2016, CPC filed an application for renewal for MPSA No. 010-92-X at the MGB Regional Office No. XIII, set to expire on May 6, 2017.

In response to the initial filing for renewal, MGB Regional Office No. XIII has directed CPC last January 11, 2017 to submit certain requirements. CPC subsequently refiled its application for renewal on August 15, 2017.

On September 12, 2017, MGB Regional Office No. XIII through its letter, informed CPC that its application has not been endorsed to the MGB Central Office for further review and evaluation pending the remaining mandatory requirements.

As at report date, outstanding requirements for submission to MGB include Local Government Unit (LGU) project approval/endorsement in the form of a resolution from the Sangguniang Bayan of Loreto, Dinagat Islands and from Sangguniang Barangay of Barangay Panamaon, Loreto, Dinagat Islands. Currently, CPC is in the process of obtaining the required endorsements from the Sangguniang Bayan of Loreto and Sangguniang Barangay of Panamaon through implementation of the remaining Social Development and Management Program (SDMP) as required by the Sangguniang Barangay, which is expected to be completed within the third quarter of 2018.

Management believes that full implementation and completion of these projects will cause the issuance of the required endorsement based on management discussion with the Sangguniang Barangay.

Nevertheless, MGB issued a certification dated April 5, 2018, stating that CPC is the holder/operator of the valid and subsisting mining tenements subject for renewal. Given these conditions, management believes that MGB will approve the renewal of the MPSA.

Registration of CPC with the Board of Investments (BOI)

On May 7, 2010, CPC was registered with the BOI with Certificate of Registration No. 2010-093 (the “BOI Registration”), on its mining and extraction of nickel ore at Casiguran, Loreto, Dinagat Islands (the “Project”), as a new project on a Non-Pioneer Status under the Omnibus Investments Code of 1987 (Executive Order No. 226).

As a BOI-registered entity, CPC is entitled to the following incentives, among others:

- a. Tax credit on taxes and duties paid on raw materials and supplies in producing its export product for a period of ten (10) years from start of commercial operations;
- b. Importation of consigned equipment for a period of ten (10) years from date of registration;
- c. Exemption from wharfage dues, any export tax, duties, imposts and fees for a ten (10) year period from date of registration; and
- d. Simplification of customs procedures for the importation of equipment, spare parts, raw materials and supplies.

On January 14, 2015, BOI granted CPC’s request to amend the Specific Terms and Conditions of its BOI Registration, which entitled the Project to a one-year ITH incentive covering taxable year 2014 only.

The Cement and Limestone Project

CPCMC and CPMDC

Through MPSA-045-96-VII and MPSA-046-96-VII expiring in 2021, the Group has 4,795 hectares in Pinamungahan, Cebu to mine limestone. An initial resource assessment conducted in 2012 on an 81 hectare area estimate as indicated limestone resource of 34,000,000 metric tons.

In April and July 2015, the Group was able to obtain the ECC for the Cement Plant/Power Plant and Limestone Quarry Project, respectively.

CSCI

On December 8, 2011, CSCI was registered with the Maritime Industry Authority with Certificate No. DSO-2006-003-086 (2014) under Marina Circular 2006-003, which is valid until December 7, 2017.

2. Basis of Preparation and Statement of Compliance

The unaudited interim consolidated financial statements of the Group have been prepared on the historical cost basis of accounting and are presented in Philippine Peso, the Group's functional and presentation currency. All values represent absolute amounts except when otherwise stated.

The unaudited interim consolidated financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Group's annual consolidated financial statements as at December 31, 2017.

The unaudited interim consolidated financial statements of the Group for the six months ended June 30, 2018 have been prepared in accordance with PAS 34, *Interim Financial Reporting* and in compliance with Philippine Financial Reporting Standards (PFRS) issued by the Philippine Financial Reporting Standards Council (FRSC) and adopted by the SEC. This financial reporting framework included PFRS, Philippine Accounting Standards (PAS), Philippine Interpretations from International Financial Reporting Interpretations Committee (IFRIC) and SEC provisions.

3. Summary of Significant Accounting Policies

Adoption of Amendments to Standards

The Group has adopted the following amendments to standards and new interpretation starting January 1, 2018 and accordingly, changed its accounting policies. Except as otherwise indicated, the adoption of these amendments to standards and interpretation did not have any significant impact on the Group's consolidated financial statements.

Effective January 1, 2018

- *PFRS 9, Financial Instruments (2014)*. PFRS 9 (2014) replaces PAS 39, *Financial Instruments: Recognition and Measurement* and supersedes the previously published versions of PFRS 9 that introduced new classifications and measurement requirements (in 2009 and 2010) and a new hedge accounting model (in 2013). PFRS 9 includes revised guidance on the classification and measurement of financial assets, including a new expected credit loss model for calculating impairment, guidance on own credit risk on financial liabilities measured at fair value and supplements the new general hedge accounting requirements published in 2013. PFRS 9 incorporates new hedge accounting requirements that represent a major overhaul of hedge accounting and introduces significant improvements by aligning the accounting more closely with risk management.

The new standard is to be applied retrospectively for annual periods beginning on or after January 1, 2018, with early adoption permitted.

Based on the currently available information and may be subject to changes arising from reasonable and supportable information being made available to the Group in 2018, the Group does not expect significant impact on its statements of financial position except for the effect of classification of the financial assets and applying the impairment requirements.

- *PFRS 15, Revenue from Contracts with Customers* replaces PAS 11, *Construction Contracts*, PAS 18 *Revenue*, IFRIC 13 *Customer Loyalty Programmes*, IFRIC 18 *Transfer of Assets from Customers* and SIC-31 *Revenue – Barter Transactions Involving Advertising Services*. The new standard introduces a new revenue recognition model for contracts with customers which specifies that revenue should be recognized when (or as) a company transfers control of goods or services to a customer at the amount to which the company expects to be entitled. Depending on whether certain criteria are met, revenue is recognized over time, in a manner that best reflects the company's performance, or at a point in time, when control of the goods

or services is transferred to the customer. The standard does not apply to insurance contracts, financial instruments or lease contracts, which fall in the scope of other PFRSs. It also does not apply if two companies in the same line of business exchange non-monetary assets to facilitate sales to other parties. Furthermore, if a contract with a customer is partly in the scope of another PFRS, then the guidance on separation and measurement contained in the other PFRS takes precedence.

The new standard is effective for annual periods beginning on or after January 1, 2018, with early adoption permitted.

The Group is currently assessing the potential impact of PFRS 15 and plans to adopt this new standard on the required effective date.

- *Transfers of Investment Property (Amendments to PAS 40, Investment Property)* amends the requirements on when an entity should transfer a property asset to, or from, investment property. A transfer is made when and only when there is an actual change in use – i.e. an asset meets or ceases to meet the definition of investment property and there is evidence of the change in use. A change in management intention alone does not support a transfer.

The amendments are effective for annual periods beginning on or after January 1, 2018, with early adoption permitted. An entity may apply the amendments to transfers that occur after the date of initial application and also reassess the classification of property assets held at that date or apply the amendments retrospectively, but only if it does not involve the use of hindsight.

- *Philippine Interpretation IFRIC-22, Foreign Currency Transactions and Advance Consideration.* The interpretation clarifies that the transaction date to be used for translation for foreign currency transactions involving an advance payment or receipt is the date on which the entity initially recognizes the prepayment or deferred income arising from the advance consideration. For transactions involving multiple payments or receipts, each payment or receipt gives rise to a separate transaction date. The interpretation applies when an entity pays or receives consideration in a foreign currency and recognizes a non-monetary asset or liability before recognizing the related item.

Standards Issued But Not Yet Adopted

A number of new standards and amendments to standards are effective for annual periods beginning after January 1, 2019. However, the Group has not applied the following new or amended standards in preparing these consolidated financial statements. Unless otherwise stated, none of these are expected to have a significant impact on the Group's consolidated financial statements.

Effective January 1, 2019

- *PFRS 16, Leases* supersedes PAS 17, *Leases* and the related Philippine Interpretations. The new standard introduces a single lease accounting model for lessees under which all major leases are recognized on-balance sheet, removing the lease classification test. Lease accounting for lessors essentially remains unchanged except for a number of details including the application of the new lease definition, new sale-and-leaseback guidance, new sub-lease guidance and new disclosure requirements. Practical expedients and targeted reliefs were introduced including an optional lessee exemption for short-term leases (leases with a term of 12 months or less) and low-value items, as well as the permission of portfolio-level accounting instead of applying the requirements to individual leases. New estimates and judgmental thresholds that affect the identification, classification and measurement of lease transactions, as well as requirements to reassess certain key estimates and judgments at each reporting date were introduced.

PFRS 16 is effective for annual periods beginning on or after January 1, 2019. Earlier application is permitted for entities that apply PFRS 15 *Revenue from Contracts with Customers* at or before the date of initial application of PFRS 16.

The Group is currently assessing the potential impact of PFRS 16 and plans to adopt this new standard on leases on the required effective date.

- *Philippine Interpretation IFRIC-23, Uncertainty over Income Tax Treatments* clarifies how to apply the recognition and measurement requirements in PAS 12 *Income Taxes* when there is uncertainty over income tax treatments. Under the interpretation, whether the amounts recorded in the financial statements will differ to that in the tax return, and whether the uncertainty is disclosed or reflected in the measurement, depends on whether it is probable that the tax authority will accept the Company's chosen tax treatment. If it is not probable that the tax authority will accept the Company's chosen tax treatment, the uncertainty is reflected using the measure that provides the better prediction of the resolution of the uncertainty - either the most likely amount or the expected value. The interpretation also requires the reassessment of judgments and estimates applied if facts and circumstances change - e.g. as a result of examination or action by tax authorities, following changes in tax rules or when a tax authority's right to challenge a treatment expires.

The interpretation is effective for annual periods beginning on or after January 1, 2019. Earlier application is permitted.

Under prevailing circumstances, the adoption of the foregoing new and revised PFRS is not expected to have any material effect on the consolidated financial statements of the Company. Additional disclosures will be included in the consolidated financial statements, as applicable.

4. Inventories

Inventories amounted to P121.0 million and P79.8 million as at June 30, 2018 and December 31, 2017, respectively.

During 2017, the Company recognized loss on impairment of inventory amounting to P2.3 million.

For the six months ended June 30, 2018 and 2017 and for the year ended December 31, 2017, the cost of inventories recognized in profit or loss amounted to nil, P 119.4 million and P204.7 million, respectively.

5. Other Current Assets

This account consists of:

| | June 30, 2018 (Unaudited) | December 31, 2017 (Audited) |
|--|--|-----------------------------------|
| Advances to: | | |
| Third parties | P45,259,765 | P35,875,070 |
| Officers and employees | 9,555,648 | 2,392,900 |
| Prepaid expenses | 2,000,934 | 2,075,199 |
| | 56,816,347 | 40,343,169 |
| Allowance for impairment of other current assets | (12,165,560) | (12,165,560) |
| | P44,650,787 | P28,177,609 |

Advances to third parties include operations costs incurred in advance which will be deducted against future billings. The Group has recognized provision for impairment loss on other current assets amounting to P12.2 million in 2017 due to the management's assessment as to the recoverability of such accounts.

Prepaid expenses primarily consist of prepaid taxes, insurance, supplies and various items that are individually immaterial.

6. Investment Properties

Investment properties consist of two parcels of land carried at cost amounting to P21.4 million as at June 30, 2018 and December 31, 2017. Fair values, which represent the price that would be received to sell the investment properties in an orderly transaction between market participants at the measurement date on February 28, 2011, amounted to P35.4 million.

The non-recurring fair values of investment properties are determined by the Group through an evaluation made by an independent property appraiser at the measurement date of February 28, 2011 using the market data approach. In this approach, the values of the parcels of land are based on sales and listings of comparable property registered within the vicinity. The comparison is premised on the factors of location, size and share of the lot, time element and others. Management assessed that the market value has not changed significantly from the last appraisal made.

7. Property and Equipment

Movements of this account are presented below:

| | Land | Mine Site Development Cost | Transportation and Field Equipment | Office Space and Improvements | Office Equipment | Construction in Progress | Total |
|--|--------------------|----------------------------------|--|-------------------------------------|---------------------|-----------------------------|----------------------|
| Cost | | | | | | | |
| January 1, 2017 | P40,221,355 | P421,154,027 | P871,110,639 | P39,652,804 | P8,530,904 | P211,613,630 | P1,592,283,359 |
| Additions | 51,162,612 | - | 21,490,270 | - | 668,699 | - | 73,321,581 |
| Reclassification | - | - | - | - | - | - | - |
| December 31, 2017 | 91,383,967 | 421,154,027 | 892,600,909 | 39,652,804 | 9,199,603 | 211,613,630 | 1,665,604,940 |
| Additions | 2,975,266 | - | 20,354,643 | - | 1,489,955 | - | 24,819,864 |
| Reclassification | - | - | - | - | - | - | - |
| June 30, 2018 | 94,359,233 | 421,154,027 | 912,955,552 | 39,652,804 | 10,689,558 | 211,613,630 | 1,690,424,804 |
| Accumulated Depreciation, Amortization, and Depletion | | | | | | | |
| January 1, 2017 | - | 37,187,101 | 387,323,351 | 10,651,466 | 7,580,131 | - | 442,742,049 |
| Depreciation, amortization and depletion | - | 17,888,922 | 56,266,351 | 2,247,842 | 842,118 | - | 77,245,233 |
| December 31, 2017 | - | 55,076,023 | 443,589,702 | 12,899,308 | 8,422,249 | - | 519,987,282 |
| Depreciation, amortization and depletion | - | - | 29,745,228 | 1,123,921 | 585,676 | - | 31,454,825 |
| June 30, 2018 | - | 55,076,023 | 473,334,930 | 14,023,229 | 9,007,925 | - | 551,442,107 |
| Allowance for Impairment Loss as at December 31, 2017 and June 30, 2018 | | | | | | | |
| | - | - | - | - | 146,932 | 196,872,823 | 197,019,755 |
| Carrying Amount | | | | | | | |
| December 31, 2017 | P91,383,967 | P366,078,004 | P449,011,207 | P26,753,496 | P630,422 | P14,740,807 | P948,597,903 |
| June 30, 2018 | P94,359,233 | P366,078,004 | P439,620,622 | P25,629,575 | P1,534,701 | P14,740,807 | P941,962,942 |

For the six months ended June 30, 2018 and for the year ended December 31, 2017, depreciation and amortization expense allocated to inventories amounted to P29.9 million and P8.1 million, respectively.

Allowance for Impairment Losses on Property and Equipment

The Group has recognized provision for impairment losses on its property and equipment amounting to P197 million in 2013, following the impairment of some equipment, construction in progress and parcels of land of CHGSI in Leyte caused by typhoon Yolanda in November 2013. The fair value of these assets amounting to P54.4 million was based on the current replacement costs as estimated by an independent property appraiser.

As at June 30, 2018 and December 31, 2017, no further impairment was assessed as the carrying amount in the books represents the scrap value of the said assets.

8. Explored Mineral Resources

This account consists of:

| | June 30, 2018 (Unaudited) | December 31, 2017 (Audited) |
|-------------------------------------|--|-----------------------------------|
| Cost | P2,016,756,977 | P2,016,756,977 |
| Allowance for accumulated depletion | (348,924,867) | (348,924,867) |
| | P1,667,832,110 | P1,667,832,110 |

Explored mineral resources are part of the group of assets of CPC that were acquired in 2008, in exchange for shares of stock of the Parent Company. At acquisition date, these explored mineral resources were measured based on the expected cash flows from the explored area of about 400.0 hectares or 42.0% of total area covered by the MPSA.

The financial model yielded an expected NPV on CPC's group of assets amounting to P2.0 billion using an investment hurdle rate of 36.6%. The NPV computation assumed an average selling price of USD 27,500.0 per metric ton of pure nickel, which considered a 16.2% discount to London Metal Exchange quoted prices; a 15-year production and selling period with a maximum annual production yield of 2.0 million metric tons; and an average production cost of USD 6.4 per wet metric ton. The valuation was prepared by Asian Alliance Investment Corporation (AAIC), an independent financial advisor. Subsequently, the Parent Company appointed Multinational Investment Bancorporation (MIB), another independent financial advisor, to render fairness opinion to the valuation. The result of MIB's report dated April 9, 2008 fairly approximated that of AAIC's report.

For purposes of computing the net present value using discounted cash flow method, the valuation of intangible assets involves the extraction of non-replaceable resource.

The assumptions used in the valuation included a number of market factors that are subject to market risk, such as commodity risk and currency risk. Significant changes in the commodity prices and foreign exchange rates would affect the fair value of the explored mineral resource.

9. Development Costs

Development costs pertain to expenditures related to exploration for economic mineral deposits. This includes, among others, costs of exploration and mining rights acquisition, geological, geochemical and geophysical surveys, drilling, labor, materials and supplies, professional fees, community relations, and environmental management expenditures attributable to the cement project.

As at June 30, 2018 and December 31, 2017, the accumulated expenditures of the Group amounted to P259.2 million and P149.5 million, respectively. Development activities are covered by a Joint Operating Agreement with Philippine Mining Development Corporation entered by the Group through CPC. Development activities are not yet completed as at June 30, 2018.

10. Other Noncurrent Assets

This account consists of:

| | June 30, 2018 (Unaudited) | December 31, 2017 (Audited) |
|---|--|-----------------------------------|
| Input VAT | P53,019,979 | P50,314,952 |
| Deferred input VAT | 7,440,320 | 10,721,153 |
| Allowance for impairment losses on input VAT | (9,128,237) | (9,128,237) |
| | 51,332,062 | 51,907,868 |
| Rehabilitation funds | 46,018,782 | 40,060,898 |
| AFS financial assets | 1,500,000 | 1,500,000 |
| | P98,850,844 | P93,468,766 |

Deferred input VAT pertains to the unamortized input VAT from purchase of field and transportation equipment.

Rehabilitation funds were set up by the Group to ensure availability of financial resources for the satisfactory compliance with and performance of activities of its Environmental Protection and Enhancement Program during the specific phases of its mining projects. The funds also include a Social Development Management Program fund under a Memorandum of Agreement with the Development Bank of the Philippines (DBP).

The Group's rehabilitation funds are deposited with DBP and earn interest at the respective bank deposit rates.

AFS financial assets pertain to the Parent Company's 3.0% ownership interest in Century Peak Property Development, Inc. representing 15,000 shares at P100.00 par value, which are measured at cost in the absence of fair value.

11. Accounts Payable and Other Current Liabilities

This account consists of:

| | June 30, 2018 (Unaudited) | December 31, 2017 (Audited) |
|-------------------|--|-----------------------------------|
| Accounts payable | P72,427,314 | P65,355,324 |
| Contractors' fees | 8,071,106 | 8,071,106 |
| Others | 544,142 | 352,720 |
| | P81,042,562 | P73,779,150 |

The Company's accounts payable are usually paid within one year. Unearned revenue pertains to fees received from customers for future shipments. Contractor's fees pertain to outstanding payables to previously engaged contractor. Such amount is being negotiated by both parties. Others include statutory payables, accrued salaries and various items that are individually immaterial.

12. Provision for Site Rehabilitation Costs

A provision is recognized for the estimated rehabilitation costs of the Company's mine site upon termination of the MPSA, which is 25 years. The provision is calculated by the Company's engineers based on an estimate of the expected cost to be incurred to rehabilitate the mine site. The provision is presented at discounted value using the Philippine bond yield of 9.93% as the effective interest rate. The accretion of interest is recognized as part of "Interest expense" account in profit or loss.

13. Related Party Transactions

Enterprises and individuals that directly, or indirectly through one or more intermediaries, control, or are controlled by, or under common control with the Group, including holding companies, subsidiaries and fellow subsidiaries are related entities of the Group. Associates and individuals owning, directly or indirectly, an interest in the voting power of the Group that gives them significant influence over the enterprise, key management personnel, including directors and officers of the Group and close members of the family of these individuals and companies associated with these individuals also constitute related entities. Transactions between related parties are accounted for at arm's-length prices or on terms similar to those offered to nonrelated entities in an economically comparable market.

In considering each possible related entity relationship, attention is directed to the substance of the relationship, and not merely the legal form. Significant related party transactions represent mainly availment of non-interest-bearing advances from a stockholder for working capital purposes. As at June 30, 2018 and December 31, 2017, the total outstanding advances from a stockholder amounted to P398.3 million and P204.2 million, respectively. The advances are payable on demand.

The outstanding balances are unsecured without fixed repayment terms and interest.

14. Capital Stock

| | Number of Shares | Amount |
|-----------------------------|---------------------|----------------|
| Authorized, P1.00 par value | 3,575,000,000 | P3,575,000,000 |
| Issued and outstanding | 2,820,330,450 | P2,820,330,450 |

The Group has 226 and 225 holders of common equity securities as at June 30, 2018 and December 31, 2017, respectively.

The Group is compliant with the minimum public float of 10% that is required by the PSE, where the Parent Company's shares are traded.

15. Loss Per Share Computation

The following table presents information necessary to calculate earnings per share:

| | June 30, 2018 (Unaudited) | December 31, 2017 (Audited) |
|--|---------------------------------|-----------------------------------|
| Loss attributable to equity holders of the Parent Company (a) | (P38,789,377) | (P57,879,890) |
| Weighted average number of common shares outstanding (b) | 2,820,330,450 | 2,820,330,450 |
| Basic/diluted loss per share (a/b) | (P0.0138) | (P0.0205) |

The Parent Company has no dilutive shares as at June 30, 2018.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis relate to the unaudited interim consolidated financial position and results of operations of the Group and should be read in conjunction with the accompanying interim unaudited consolidated financial statements and related notes. The Company cautions that its business and financial performance is subject to certain risks and uncertainties. In evaluating the Company’s business, investors should carefully consider all of the information contained in “Risk Factors.”

2.1 OVERVIEW

The Parent Company was incorporated and registered with the Philippine Securities and Exchange Commission (SEC) on December 30, 2003.

On April 14, 2008, the SEC approved the amendment of the Parent Company’s Articles of Incorporation changing its primary purpose to include promoting, operating, managing, holding, acquiring or investing in corporations or entities that are engaged in mining activities or mining-related activities. The Parent Company further expanded its primary purpose by including investing in real estate development and energy. The amended Articles of Incorporation was approved by the SEC on March 18, 2010.

The Parent Company listed its common shares of stock with the Philippine Stock Exchange (PSE) on October 6, 2009.

The Parent Company operates as the holding company of the following subsidiaries:

| | Percentage of Ownership ^(a) | |
|--|--|----------|
| | Direct | Indirect |
| Century Peak Corporation (CPC) | 100.00 | - |
| Century Peak Mineral Development Corporation (CPMDC) ^(b) | 100.00 | - |
| Century Peak Cement Manufacturing Corporation (CPCMC) ^(b) | 100.00 | - |

| Century Summit Carrier, Inc. (CSCI) ^(d) | - | 80.00 |

^(a)Based on the Parent Company’s interest in the issued and outstanding shares of the subsidiaries.

^(b)CPMDC and CPCMC were incorporated in 2015 and have not yet started commercial operations.

^(c)CSSI and CHGSI have not yet started commercial operations.

^(d)Owned by the Parent Company through CPC.

The registered office address of the Parent Company and its subsidiaries (collectively referred to as the “Group”) is at 14/F Equitable Tower, 8751 Paseo de Roxas, Salcedo Village, Makati City.

The Parent Company’s subsidiaries were all incorporated in the Philippines and registered with the SEC. Their principal activities are as follows:

| | |
|---------------|---|
| CPC and CHGSI | Invest in and engage in the business of operating and mining of any mineral resources in the Philippines such as iron, ore, copper, gold, silver, lead, manganese, chromites, nickel, etc. |
| CSSI | Invest in and engage in the business of operating and mining of any mineral resources in the Philippines and to engage in the business of managing, administering solid waste disposal system. |
| CPMDC | Engaged in the business of operating and mining any mineral resources in the Philippines, such as limestone, lime, silica, iron ore, copper, gold, silver, lead, manganese, chromites, nickel, among other minerals, both metallic and non-metallic; prospecting, exploring, milling, concentrating, converting, smelting, treating, refining, manufacturing, and preparing for market, whether export or domestic, such mineral resources and producing and dealing in all its products and by-products of every kind and description and by whatsoever process, the same can be or may hereafter be produced. |
| CPCMC | Engaged in the business of manufacture, production and merchandising, whether export or domestic, of cement, cement products and by-products, including its derivatives and any and all kinds of minerals and building materials. |
| CSCI | Engaged in the business of operating barges, steamships, motorboats and other kinds of water crafts for the transportation of cargoes and passengers. |

Mineral Rights of CPC

The table below summarizes CPC’s mineral rights:

| Tenement Designation | Area Covered (in Hectares) | Location |
|---|-------------------------------|------------------------------------|
| Mineral Production Sharing Agreement (MPSA) 010-92-X | 1,198 | Casiguran, Loreto, Dinagat Islands |
| MPSA-283-2009-XIII-SMR Application for Mineral Production Sharing Agreement (APSA) 086-XIII | 3,188 | Libjo (Albor), Dinagat Islands |
| | 718 | Acoje, Loreto, Dinagat Islands |

MPSA-010-92-X or the “Casiguran Nickel Project,” was acquired by CPC from Casiguran Mining Corporation by virtue of a deed of assignment on May 29, 2006, which was approved by the Department of Environment and Natural Resources (DENR) on December 11, 2006. In addition, MPSA-283-2009-XIII-SMR or the “Rapid City Parcel II Prospect” (“Rapid City”) was approved by the DENR on June 19, 2009.

The Acoje Property is covered by APSA-086-XIII and Environmental Compliance Certificate (ECC) No. 008-345-301C. APSA-086-XIII is still under final evaluation with the Mines and Geosciences Bureau (MGB) Central Office as at June 30, 2018.

DENR and Mining Audit

Mining Audit

On a letter dated October 3, 2016, the DENR notified CPC of the results, findings and recommendations of the mining audit conducted for the operations in Loreto and Libjo, Dinagat Islands pursuant to the DENR Memorandum Circular No. 2016-01 re: "Audit of All Operating Mines and Moratorium on New Mining Projects issued on July 29, 2016.

On a letter dated October 25, 2016, CPC responded by submitting a complete update on the DENR recommendations and changes implemented by CPC.

On January 16, 2017, a "Memorandum to the Secretary, was submitted by the DENR's Technical Review Committee, which is tasked to review the results of the mining audit report and submitted comments and explanation of CPC, recommending the suspension of the CPC's Environmental Compliance Certificate (ECC), Ore Transport Permit and/or Mineral Export permit pertaining to its mining operations in Loreto and Libjo, Dinagat Islands and fined CPC for various violations.

On February 2, 2017, the DENR released a list of mining firms for closure and suspension. CPC was excluded on the aforementioned list.

CPC has not received any formal letter from the DENR pertaining to the suspension of its ECC, Ore Transport Permit and/or Mineral Export permit.

DENR Adverse Findings on the Cement and Limestone project

On December 14, 2016, the DENR issued a Notice of Adverse Findings (NAF) with regards to CPC's ECC-CO-1505-0017 for the proposed Cement and Limestone project (the "Project") in Pinamungahan, Cebu.

On a letter dated December 23, 2016, CPC responded to the issued NAF by the DENR indicating that the Project's ECC should not be cancelled nor suspended as CPC has substantively complied with the conditions set forth in the ECC.

CPC has not received any formal letter from the DENR pertaining to their reply on the NAF.

The Smelting Plant Project

CHGSI

CHGSI was registered and incorporated with the SEC on January 14, 2008. The principal activities of CHGSI are to invest in and engage in the business of operating and mining mineral resources in the Philippines such as iron ore, copper, gold, silver, lead, manganese, chromite, nickel, etc.; prospecting, exploring, milling, concentrating, converting, smelting, treating, refining, and manufacturing; preparing for the market, whether export or domestic; and producing and dealing in all its products and by-products of every kind and description and by whatsoever process the same can be or may be hereafter be produced.

On October 28, 2009, CHGSI was registered with Philippine Economic Zone Authority (PEZA) under Republic Act (RA) No. 7916 as an ecozone export enterprise engaged in the production of ferro-nickel (pig iron) at the Leyte Industrial Development Estate - Special Economic Zone (LIDE-SEZ).

By virtue of its PEZA registration, CHGSI is entitled to, among other incentives, four (4) years income tax holiday, which shall be reckoned upon its start of commercial operations, as well as tax and duty free importation of its capital equipment and raw materials, subject to its compliance with the terms and conditions of its registration.

CSSI

In 2011, the Parent Company entered into a partnership with Sidewide Resources (H.K.) Limited, a subsidiary of Chaoyang Saiwai Mining Co., Ltd of P. R. China., a group that owns an iron powder processing plant, electric furnace smelting plant, and primarily does mineral ore trading. It is the Parent Company's plan to set up electric furnaces in the future to enhance the production of its nickel pig iron. From this formed partnership, CSSI is incorporated.

As at June 30, 2018, CSSI has not yet started with its commercial operation.

Mining Operations

CPC has mining activities in selected areas covered by its MPSA in the province of Dinagat Islands.

There are two Geologic Resource Evaluation Reports for the Casiguran Nickel Project and a Resource Evaluation Report for the Rapid City Parcel II Prospect, which were prepared by Dr. Carlo A. Arcilla, an accredited competent person in accordance with the definition of the Philippine Mineral Reporting Code.

Based on the reports, the Casiguran Nickel Project and Rapid City Parcel II Prospect have a combined indicated and measured resource of 9,897,000 DMT with a grade of 1.02% nickel (at 0.8% nickel cut-off) and 9,067,000 DMT with a grade of 1.07% nickel (at 0.8% nickel cut-off), respectively. These represent 100,000 metric tons of pure nickel and 3.5 million tons of iron and 90,000 tons of pure nickel and 3.8 million tons of iron for the Casiguran Nickel Project and Rapid City Parcel II Prospect, respectively, subject to mining plans and metal recovery parameters.

Management looks forward to continue developing and exploring these mineral properties either on its own or with joint venture partners.

Extension of Mineral Production Sharing Agreement (MPSA) 010-92-X (Casiguran Nickel Project)

On May 11, 2016, CPC filed an application for renewal for MPSA No. 010-92-X at the MGB Regional Office No. XIII, set to expire on May 6, 2017.

In response to the initial filing for renewal, MGB Regional Office No. XIII has directed CPC last January 11, 2017 to submit certain requirements. CPC subsequently refiled its application for renewal on August 15, 2017.

On September 12, 2017, MGB Regional Office No. XIII through its letter, informed CPC that its application has not been endorsed to the MGB Central Office for further review and evaluation pending the remaining mandatory requirements.

As at report date, outstanding requirements for submission to MGB include Local Government Unit (LGU) project approval/endorsement in the form of a resolution from the Sangguniang Bayan of Loreto, Dinagat Islands and from Sangguniang Barangay of Barangay Panamaon, Loreto, Dinagat Islands. Currently, CPC is in the process of obtaining the required endorsements from the Sangguniang Bayan of Loreto and Sangguniang Barangay of Panamaon through implementation of the remaining Social Development and Management Program (SDMP) as required by the Sangguniang Barangay, which is expected to be completed within the second quarter of 2018.

Management believes that full implementation and completion of these projects will cause the issuance of the required endorsement based on management discussion with the Sangguniang Barangay.

Nevertheless, MGB issued a certification dated April 5, 2018, stating that CPC is the holder/operator of the valid and subsisting mining tenements subject for renewal. Given these conditions, management believes that MGB will approve the renewal of the MPSA.

Registration of CPC with the Board of Investments (BOI)

On May 7, 2010, CPC was registered with the BOI with Certificate of Registration No. 2010-093 (the “BOI Registration”), on its mining and extraction of nickel ore at Casiguran, Loreto, Dinagat Islands (the “Project”), as a new project on a Non-Pioneer Status under the Omnibus Investments Code of 1987 (Executive Order No. 226).

As a BOI-registered entity, CPC is entitled to the following incentives, among others:

- e. Tax credit on taxes and duties paid on raw materials and supplies in producing its export product for a period of ten (10) years from start of commercial operations;
- f. Importation of consigned equipment for a period of ten (10) years from date of registration;
- g. Exemption from wharfage dues, any export tax, duties, imposts and fees for a ten (10) year period from date of registration; and
- h. Simplification of customs procedures for the importation of equipment, spare parts, raw materials and supplies.

On January 14, 2015, BOI granted CPC’s request to amend the Specific Terms and Conditions of its BOI Registration, which entitled the Project to a one-year ITH incentive covering taxable year 2014 only.

The Cement and Limestone Project

CPCMC and CPMDC

Through MPSA-045-96-VII and MPSA-046-96-VII expiring in 2021, the Group has 4,795 hectares in Pinamungahan, Cebu to mine limestone. An initial resource assessment conducted in 2012 on an 81 hectare area estimate as indicated limestone resource of 34,000,000 metric tons (see Note 22).

In April and July 2015, the Group was able to obtain the ECC for the Cement Plant/Power Plant and Limestone Quarry Project, respectively.

CSCI

On December 8, 2011, CSCI was registered with the Maritime Industry Authority with Certificate No. DSO-2006-003-086 (2014) under Marina Circular 2006-003, which is valid until December 7, 2017.

2.3 RESULT OF OPERATION

For the six months ended June 30, 2018, the Group's operation resulted to net loss of P42.8 million.

Unaudited Interim Consolidated Statements of Comprehensive Income

| <i>In thousands, except % change data</i> | For the six months ended June 30, 2018 | | |
|--|--|-----------|----------|
| | 2018 | 2017 | % change |
| Revenue | P- | P130,929 | - |
| Cost of sales | - | (119,400) | - |
| Depletion of explored mineral resources | - | (16,568) | - |
| Gross loss | - | (P5,039) | - |
| Operating expenses | (40,518) | (64,421) | 37% |
| Other charges– net | (636) | (335) | -90% |
| Net loss before tax | (41,154) | (69,795) | 41% |
| Net loss attributable to the equity holders of the Parent | (P38,789) | (P66,248) | 41% |
| Loss per share | | | |
| Basic/Diluted | (P0.0138) | (P0.0235) | |

2.4 OPERATING RESULTS FOR THE SIX MONTHS ENDED June 30, 2018 COMPARED WITH June 30, 2017

During the six months ended June 30, 2018, the Group's operation resulted to net loss of P41.2 million.

During the six months ended June 30, 2018, no shipment of chromite or nickel ore was made by the Group. Hence, there is no recognition of any revenue for the period. Operating expenses of P40.5 million and P64.4 million for the six months ended June 30, 2018 and 2017, respectively, or 37% lower.

The Group's operating expenses for the six months ended June 30, 2018 pertain mainly to taxes and licenses, salaries and professional fees, which represents 33%, 26% and 10%, respectively of the total operating expenses.

2.5 FINANCIAL CONDITION

Interim Consolidated Statements of Financial Position

| <i>In thousands, except % change data</i> | June 30, 2018 (Unaudited) | December 31, 2017 (Audited) | % Change |
|--|--|-----------------------------------|----------|
| Total Current Assets | P188,066 | P149,516 | 26% |
| Total Assets | 3,185,434 | 3,038,290 | 5% |
| Current Liabilities | 479,390 | 292,028 | 64% |
| Total Liabilities | 493,841 | 305,731 | 62% |
| Total equity attributable to equity holders of the parent | 2,700,335 | 2,739,124 | -1% |
| Equity Attributable to Minority Interests | (8,742) | (6,565) | 33% |
| Total Equity | 2,691,593 | 2,732,559 | -1% |
| Current assets/Total assets | 6% | 5% | |
| Current ratio | 39% | 51% | |
| Debt to equity ratio | 18% | 11% | |

The net increase in current assets mainly pertains to increase in inventories and other current assets amounting to P41.2 million and P16.5 million, respectively.

The noncurrent assets of the Group mainly consist of explored mineral resources, property and equipment and development costs. The net increase mainly due to additions in development costs and property and equipment net of depreciation expense charged for the six months ended June 30, 2018.

The liabilities of the Group mainly consist of payables to contractors, suppliers and related parties. The payable to related parties represents advances which were used to finance the operation of the Group. The increase was mainly due to additional payable to contractors and suppliers of spare parts.

2.6 LIQUIDITY and CAPITAL RESOURCES

The table below shows the Group's consolidated cash flows for the six months ended June 30, 2018 and 2017.

Unaudited Interim Consolidated Cash Flows

| <i>In thousands, except % change data</i> | For the six months ended June 30 | | |
|---|---|-----------|----------|
| | 2018 | 2017 | % change |
| Net cash used in operating activities | (P73,752) | (P12,230) | 499% |
| Cash used in investing activities | (139,600) | (75,423) | 85% |
| Cash provided by financing activities | 194,141 | 55,757 | 247% |
| Effect of exchange rate changes in cash | 130 | 298 | -56% |
| Net decrease in cash | (19,081) | (31,598) | -40% |
| Cash at beginning of year | 41,511 | 48,955 | -15% |
| Cash at end of year | P22,430 | P17,357 | 29% |

The Group believes that it has sufficient resources to finance its working capital requirements. The Group expects to regularly undertake shipment of ore and the corresponding management and collection of accounts receivable, and temperance of accounts payable. Long-term events such as the additional purchase of property and equipment can be met by the Group via infusions of either equity

or debt through the shareholders. All funding for the Group's operations for the next 12 months shall be internally generated. The majority shareholder has committed to continually provide working capital to the Group to assure its continuous operations.

Cash used in investing activities mainly pertain to addition to development costs and property and equipment amounting to P109.4 million and P24.8million, respectively.

2.7 FINANCIAL SOUNDNESS INDICATORS

All secondary licensees of the Commission (financing companies, broker dealer of securities and underwriters) and public companies are required to include a schedule showing financial soundness indicators in two comparative periods, as follows:

| | June 30, 2018 (Unaudited) | December 31, 2017 (Audited) |
|---|--|--------------------------------|
| Current Assets | 188,066,489 | 149,516,225 |
| Current Liabilities | 479,389,624 | 292,027,794 |
| <i>Current Ratio</i> | 0.39 | 0.51 |
| Total Liabilities | 493,841,279 | 305,731,159 |
| Total Equity | 2,691,592,777 | 2,732,559,006 |
| <i>Debt to equity ratio</i> | 0.18 | 0.11 |
| Income (loss) before depreciation, amortization and depletion | (39,816,121) | 92,057,262 |
| Total Liabilities | 493,841,279 | 305,731,159 |
| <i>Solvency ratio</i> | (0.08) | 0.30 |
| Total Assets | 3,185,434,056 | 3,038,290,165 |
| Total Equity | 2,691,592,777 | 2,732,559,006 |
| <i>Asset to equity ratio</i> | 1.18 | 1.11 |
| Loss before Interest Expense and Taxes | (40,377,990) | (44,455,484) |
| Interest Expense | 775,566 | 1,300,956 |
| <i>Interest rate coverage ratio</i> | (2,414) | (3,376) |
| Net Loss | (40,966,229) | (56,900,832) |
| Total Assets | 3,185,434,056 | 3,038,290,165 |
| <i>Return on Asset ratio</i> | (0.01) | (0.02) |
| Net Loss | (40,966,229) | (56,900,832) |
| Total Equity | 2,691,592,777 | 2,732,559,006 |
| <i>Return on Equity ratio</i> | (0.02) | (0.02) |

2.8 RISK

Overview

The Group's financial instruments consist of cash, rehabilitation funds, AFS financial assets, due to related parties and accounts payable and other current liabilities. The main purpose of these financial instruments is to finance the Group's current operations. The main risks arising from the use of these financial instruments are credit risk, liquidity risk and market risk.

Risk Management Framework

The BOD and management have overall responsibility for the establishment and oversight of the Group's risk management framework.

The Group's risk management policies are established to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations. There were no changes in the Group's objectives, policies and processes for managing the risk and the methods used to measure the risk from previous year.

Credit Risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's bank deposits and trade debtors and is monitored on an ongoing basis. The objective is to reduce the risk of loss through default by counterparties. The risk is managed by spreading financial transactions, including bank deposits, across an approved list of high quality banks.

Exposure to Credit Risk

The carrying amounts of financial assets, which are classified as loans and receivables, represent the maximum credit exposure. Credit risk at the reporting date is as follows:

| | June 30, 2018 (Unaudited) | December 31, 2017 (Audited) |
|----------------------|--|--------------------------------|
| Cash in banks | P22,385,211 | P41,466,164 |
| Rehabilitation funds | 46,018,782 | 40,060,898 |
| | P68,403,993 | P81,527,062 |

Cash in banks are considered good quality as these pertain to deposits in reputable banks.

Cash in banks and rehabilitation funds are of high grade quality. High grade cash in banks and rehabilitation funds are invested and deposited in reputable local banks. These accounts are typically not impaired as the counterparties generally respond to credit actions and update their payments accordingly.

The credit qualities of financial assets that were neither past due nor impaired are determined based on the credit standing or rating of the counterparty.

Liquidity Risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group considers expected cash flows from financial assets in assessing and managing liquidity risk, in particular its cash resources. Cash balances are managed with two main objectives: maintain maximum liquidity and minimize the cost of borrowing.

Exposure to Liquidity Risk

The following tables summarize the maturity of the Group's financial liabilities as at June 30, 2018 and December 31, 2017 based on contractual repayment arrangements:

| | June 30,2018 | | |
|---|------------------------|-------------------------------|----------------------------|
| | Carrying Amount | Contractual Cash Flows | Due Within One Year |
| Accounts payable and other current liabilities* | P80,498,420 | P80,498,420 | P 80,498,420 |
| Due to related parties | 398,347,062 | 398,347,062 | 398,347,062 |
| | P478,845,482 | P478,845,482 | P478,845,482 |

**Excludes non-financial liabilities amounting to P544,142.*

| | December 31, 2017 | | |
|---|--------------------------|-------------------------------|----------------------------|
| | Carrying Amount | Contractual Cash Flows | Due Within One Year |
| Accounts payable and other current liabilities* | P73,426,430 | P73,426,430 | P73,426,430 |
| Due to related parties | 204,205,781 | 204,205,781 | 204,205,781 |
| | P277,632,211 | P277,632,211 | P277,632,211 |

**Excludes non-financial liabilities amounting to P352,720.*

It is not expected that the cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amounts.

Market Risks

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Group's income or the value of its holdings of financial instruments. The objective market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

Exposures to Foreign Currency Risk

The Group's currency exposure relates to foreign currency denominated bank accounts as well as transactions comprising of receivables and payables. Since the Company exports 100% of its revenues, all its sales transactions are in foreign currency, specifically denominated in US Dollars.

The following table shows the Group's significant foreign currency-denominated monetary assets and liabilities in their US Dollar (USD) and Philippine Peso equivalents:

| | June 30, 2018 | |
|---------------------------|---------------|-----------------------------|
| | U.S. Dollar | PhilippinePeso ¹ |
| Current financial assets: | | |
| Cash | \$21,715.58 | P1,162,218 |

¹The exchange rate used to convert the U.S. dollar amounts into Philippine peso was US\$1.00 to ₱53.52, the peso-dollar exchange rate as quoted in the Philippine Dealing System as at June 30, 2018.

There were no other significant foreign currency-denominated monetary assets and liabilities as at June 30, 2018.

Commodity price risk

The Group's mine product revenues are based on international commodity quotations (i.e., primarily on London Metal Exchange quotes and mainstream transaction prices) over which the Group has no significant influence or control. This exposes the Group's results of operations to commodity price volatilities that may significantly impact its cash flows.

2.9 KEY PERFORMANCE INDICATORS

The Company's management intends to analyze future results of operations through the following key performance indicators, among other measures:

Tons Extracted and Ore Grade Sold and Shipped

Tons extracted and ore grade are key determinants of sales volume. Higher tonnage and ore grade are directly proportional to revenue level.

Actual Production Cost

Production cost per ton is a key measure of operating efficiency. A lower unit production cost in ore extraction will result in the Company meeting, if not exceeding, its profitability targets.

Earnings Per Share

The Company's earnings per share is a key measure of the Company's effectiveness in meeting its financial targets that in turn, will provide investors comparable benchmarks relative to similar companies.

2.10 DISTRIBUTION METHODS OF PRODUCTS AND SERVICES

Demand for Nickel from China

China is the world's largest producer and consumer of stainless steel. In 2010, China produces over 50% of the global production and that figure is expected to grow over the next few years. Common stainless steel contains between 2-14% Nickel.

In 2006, nickel prices started to surge because of China's huge demand and China's nickel supply was affected. An opportunity surfaced when Chinese stainless steel producers realized that they need an alternative supplier for Nickel. China Steel was one of the first to start producing the alternative pig iron in 2006.

Nickel Pig Iron (NPI)

Laterite Nickel ore accounts for about two-thirds of the world's nickel resources but is generally not used for producing refined pure nickel because of its low nickel content that ranges between 1 – 2%.

After a series of sintering and smelting processes, removing impurities such as phosphorus, sulfur and silicon to specification, the laterite nickel ore can be processed into nickel pig iron that contains between 4% to 13% nickel with Iron and other metals accounting for the balance.

Chinese stainless steel producers use nickel pig iron, to which they will add chromium and other materials, to produce 200 to 300 series stainless steel which accounts for more than 70% of total stainless steel production in China.

Indonesian Ore Ban

In 2014, the ban on exports of unprocessed ore in Indonesia took effect, the result of legislation that was passed five years ago. Exports of lateritic nickel ore over the last several years to China have fueled the growth of its NPI industry. China's NPI plants rely exclusively on nickel ore, primarily from Indonesia and secondarily from the Philippines.

However, a new decision by the Indonesian government, issued in January 2017, relaxing their ban on the export of nickel ore, provides the basis for uncertainty in the nickel market. In 2018, Indonesian government issued nickel ore export quota of not more than 28.5 million WMT.

2.11 GROUP'S STRATEGIC PLAN

The Group intends to continue exporting nickel ore in China, which is its principal market. It has received several Letters of Intent from interested buyers in China for the purchase of a minimum volume of 500,000 metric tons of Nickel Ore with an average of 0.90% nickel content with 49% iron content but would be cautious on the selling price. If the price is higher than the variable cost and provide contribution margin to lower down fixed cost, we can sign the transaction. The Group will focus on cost management as we will monitor the selling price in the market.

Transactions with and /or Dependence on Related Parties

Necessary information on related parties is already disclosed in Note 13 in the notes to condensed interim consolidated financial statements.

PART II - OTHER INFORMATION

There are no other information not previously reported in SEC Form 17-C that need to be reported in this section.
