

MANAGEMENT REPORT

CENTURY PEAK METALS HOLDINGS CORPORATION

Units 1403 & 1404, Equitable Bank Tower Condominium
8751 Paseo De Roxas, Salcedo Village, Makati City, Philippines 1227

PART I - FINANCIAL STATEMENTS

Item 1. Financial Statements and General Disclosures

a. Financial Statements

A copy of the unaudited consolidated financial statements of Century Peak Metals Holdings Corporation (the “Issuer”, the “Corporation” or the “Company”) as of and for the nine months ended September 30, 2016 is attached as **Annex 1**.

The copy of the audited financial statements of the Issuer as of and for the year ended December 31, 2015 is attached to the Definitive Information Statement of the Issuer as **Annex A**.

b. Assets

The following significant items comprise the Company’s assets as of September 30, 2016.

Property, Plant and Equipment

The carrying value of property and equipment amounted to P0.94 billion and P1.01 billion as at September 30, 2016 and December 31, 2015, respectively.

This account includes mine site development costs include costs incurred in the construction of road network, pier and stockyard. Measurement and recognition of this asset refers to those of property and equipment being used to develop and maintain CPC’s mineral right property in Casiguran Property which has indicated various degrees of nickel mineralization.

Mine site development costs, transportation and field equipment were part of the group of assets acquired. These assets are initially recognized in the consolidated statement of financial position based on allocation of the total acquisition cost using their relative fair value.

Explored Mineral Resources

Explored mineral resources are part of the group of assets of CPC that were acquired in 2008, in exchange for shares of stock of the Parent Company. At acquisition date, these explored mineral resources were measured based on the expected cash flows from the explored area of about 400.0 hectares or 42.0% of total area covered by the MPSA.

The valuation also considered CPC's existing exploration permit in Puerto Princesa, Palawan covering an estimated area of 3,188.3 hectares and exploration permit application in Albor, Surigao del Norte with an estimated area of 5,136.3 hectares, without assigning financial or monetary value. Costs of exploration permits were immaterial and were charged to profit or loss. In addition, the valuation did not include any assignment of operating agreements and additional mining tenements that may contain other minerals.

The financial model yielded an expected NPV on CPC's group of assets amounting to P2.0 billion using an investment hurdle rate of 36.6%. The NPV computation assumed an average selling price of USD 27,500.0 per metric ton of pure nickel, which considered a 16.2% discount to London Metal Exchange quoted prices; a 15-year production and selling period with a maximum annual production yield of 2.0 million metric tons; and an average production cost of USD 6.4 per wet metric ton. The valuation was prepared by Asian Alliance Investment Corporation (AAIC), an independent financial advisor. Subsequently, the Parent Company appointed Multinational Investment Bancorporation (MIB), another independent financial advisor, to render fairness opinion to the valuation. The result of MIB's report dated April 9, 2008 fairly approximated that of AAIC's report.

For purposes of computing the net present value using discounted cash flow method, the valuation of intangible assets involves the extraction of non-replaceable resource.

The assumptions used in the valuation included a number of market factors that are subject to market risk, such as commodity risk and currency risk. Significant changes in the commodity prices and foreign exchange rates would affect the fair value of the explored mineral resource.

The carrying value of explored mineral resources amounted to 1.76 billion as at September 30, 2016 and 1.80 billion as at December 31, 2015.

Deferred Tax Assets

The Group's deferred tax assets in the consolidated statement of financial position as at June 30, 2016 and December 31, 2015 amounts to P3.23 million.

Other Noncurrent Assets

The other noncurrent assets pertain mainly to the non-current portion of deferred input vat and funds to promote the welfare of inhabitants, amounting to P95.73 million and P61.03 million as at September 30, 2016 and December 31, 2015.

Rehabilitation funds were set up by the Group to ensure availability of financial resources for the satisfactory compliance with and performance of activities of its Environmental Protection and Enhancement Program during the specific phases of its mining projects. The funds also include a Social Development Management Program fund under a Memorandum of Agreement with the Development Bank of the Philippines.

The Group's rehabilitation funds are deposited with the said bank and earn interest at the respective bank deposit rates.

Others pertain to buses acquired by the Group for other transactions entered into by the Group through CSCI.

c. Liabilities

Accounts payable and other current liabilities

The account pertains mainly to payable to contractors. Accounts payable are non-interest bearing and are generally on 30-60 days terms.

Related Party Payables

Significant related party transactions represent mainly avilment of non-interest-bearing advances from a stockholder for working capital purposes. As of September 30, 2016 and December 31, 2015, total outstanding advances from stockholder amounted to P93.42 million and P214.85 million, respectively. The advances are payable on demand.

d. Income Statement

During the nine months ended September 30, 2016, there are three shipments of nickel ore made by the Group. Operating expenses of ₱18.97 million in 2016 was incurred compared with ₱23.84 million for the same period in 2015 or 20.43% lower.

The Group's operating expenses for the nine months ended September, 2016 pertain mainly to salaries, professional fees, depreciation, and materials and supplies, which represent 39%, 18%, 9%, and 9%, respectively of the total operating expenses.

Item 2. Information on Independent Accountants

The principal external auditor is the firm Manabat San Agustin & Co., CPAs. The Company engaged Mr. Dindo Marco M. Dioso, partner of Manabat San Agustin & Co., CPAs, for the audit of the Company's books and accounts in 2015.

a. External Audit Fees

The Group paid its external auditors the following fees for the last two (2) years for professional services rendered:

	2014	2015
Audit & audit-related fees	P771,900	P800,000
Tax fees	-	-
All other fees	-	-

Except for the audit of the Corporation's financial statements, no other professional services are rendered to the Corporation by the external auditor.

PART II - MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATIONS

Item 1. Business of the Issuer

Century Peak Metals Holdings Corporation ("CPMHC", the "Company", the "Parent Company", or the "Issuer"), was registered with the Philippine Securities and Exchange Commission ("SEC") on December 30, 2003. On February 15, 2008, the SEC approved the change in the Company's corporate name to Century Peak Metals Holdings Corporation.

On April 14, 2008, the SEC approved the amendment of the Company's articles of incorporation specifically, its primary purpose, which was changed to include "promoting, operating, managing, holding, acquiring or investing in corporations or entities that are engaged in mining activities or mining-related activities." The Company further expanded its primary purpose to include "investing in real estate development and energy," which amendment was approved by the SEC on March 18, 2010. The Company listed its common shares of stock with the Philippine Stock Exchange ("PSE") on October 6, 2009.

The registered office address of the Parent Company is at Units 1403 and 1404 Equitable Bank Tower Condominium, 8751 Paseo de Roxas, Makati City.

As of September 30, 2016, the Company has six subsidiaries, the wholly-owned subsidiaries Century Peak Corporation ("CPC"), Century Peak Minerals Development Corporation ("CPMDC"), and Century Peak Cement Manufacturing Corporation ("CPCMC"), 55%-owned subsidiary Century Hua Guang Smelting Incorporated ("CHGSI"), 60%-owned subsidiary Century Sidewide Smelting Incorporated ("CSSI") and 80%-owned subsidiary, through CPC, Century Summit Carrier, Inc. ("CSCI").

Management's Discussion and Analysis or Plan of Operations

Item 2. Performance

Interim Unaudited Consolidated Statements of Comprehensive Income

For the six months ended September 30						
<i>In thousands, except % change data</i>	2016	%	2015	%	Change	%

Item 3. Results of Operations for the nine months ended September 30, 2016 compared with September 30, 2015

During the nine months ended September 30, 2016, the Group exported thirteen shipments of nickel ore. Operating expenses of 19.0 million in 2016 was incurred compare with 20.3 million for the same period in 2015 or 6.40% lower.

The Group's operating expenses for the nine months ended September, 2016 pertain mainly to salaries, professional fees, depreciation, and materials and supplies, which represent 39%, 18%, 9%, and 9%, respectively of the total operating expenses.

Results of Operations for the year ended December 31, 2015

In 2015 and 2014, revenue of Php230.5 million and Php1.008 billion respectively were generated from operations, particularly from CPC's mining activities, while Php69.1 million revenues were generated in 2013. The 2015, 2014 and 2013 audited consolidated statement of comprehensive income reported a net loss after taxes of Php61.6 million; net income of Php338.4 million and net loss of Php240.4 million, respectively.

Item 4. Plan of Operations

Mining Operations

The Group, through CPC, has continuing exploration work in its properties in the Province of Dinagat Islands. With the mining equipment and other assets already in place, mining operations and nickel ore extraction in its Casiguran and Rapid City Parcel II properties will likewise be more aggressive. This is in line with the Group's plans to market and export a minimum of 1,000,000 metric tons of nickel ore in 2016. This focus on mining operations is consistent with the Group's strategy to optimize its assets for mineral extraction in order to take advantage of the large demand for its mineral ore.

The Smelting Plant Project

The Group's smelting plant project, which is to be undertaken through its subsidiary CHGSI, is located in LIDE. The ECC for the smelting plant project was issued last April 16, 2010. Initial civil works have been undertaken on the smelting plant. However, in late 2013, typhoon Yolanda wrought massive devastation in Leyte Island, significantly impairing the value of CHGSI assets in Leyte. Despite this, the company is optimistic that it will be able to pursue operations in the future as negotiations with investors and technology partners are ongoing.

The Coking Coal Plant Project

Also to be located at the LIDE, CHGSI has an approved application with PEZA for its proposed Coking Coal Production Project, and the Supplemental Agreement to its Registration Agreement last 28th October 2009 was signed into effect last March 01, 2011. The Company's Coking Coal Plant project will be a support system to its Ferro-Nickel Smelting Plant. It is CHGSI's approach to making the Ferro-Nickel Smelting Plant as self-sustaining as possible.

CHGSI has received its Amended Environmental Compliance Certificate (ECC), with Reference Code 1003-0011 issued by the Environmental Management Bureau (EMB), Central Office, to include the installation of a Coking Coal Plant to be located at the Leyte Industrial Development Estate (LIDE) in Isabel, Leyte.

The Shipping Company

Century Summit Carrier Inc., complements the mining operations of CPC. It owns three (3) units of landing craft tanks (LCT) (self-propelled barges) with a capacity of 3000DWT. Two of the vessels are registered with the MARINA under the names of Century Summit 1 and Century Summit 2. These vessels are utilized for the mining operations of CPC.

The management of CPMHC looks forward to 2016 that will be marked by the development of the great potentials that can be tapped from the resources of the Company.

The Cement and Limestone Project

Through MPSA 046-96-VII and MPSA 047-96-VII expiring in 2021, the Group has 4,795 hectares in Pinamungahan, Cebu to mine limestone. An initial assessment in 2012 on an 81 hectare area estimate as indicated limestone resource of 34,000,000 metric tons.

In April and July 2015, the Group was able to obtain the ECC for the Cement Plant/Power Plant and Limestone Quarry Project, respectively.

As of record date, the command center for the Cement Plant located at Pinamungahan, Cebu is already installed, and infrastructure projects are currently on going.

On August 2016, the Department of Environment and Natural Resources (DENR) through their regulatory division, Mines and Geosciences Bureau (MGB) conducted an operational audit in one of the subsidiaries of the Group, Century Peak Corporation (CPC) at the Company mining premises located at the Municipality of Loreto, Province of Dinagat Islands. Thereafter, on September 2016, a media press release circulated on the news and social media, stating therein the companies "recommended for suspension" without any official written findings and recommendation from the DENR. The list of the companies recommended for suspension includes Century Peak Corporation. However, the mining operation of the company continues despite the said press release. Before the end of October 2016, an official letter was received from the DENR specifying therein the result of their audit. The Company answered the said letter within the specified period and is currently waiting for feedback from the DENR. In the absence of any direct order or moratorium from the DENR, the said audit has no effect on the Company's level of operation and profitability for this year.

Item 5. Liquidity and Capital Resources

The Group has funded its pre-operating expenses through capital-raising exercise that started in October 2007. With the current rate of operations and sales of nickel ore, the Group believes that it can generate sufficient resources to finance its working capital requirements. The Group expects to regularly undertake shipment of ore and the corresponding management and collection of accounts receivable, and temperance of accounts payable. Capital expenditures such as the additional purchase of property and equipment can be met by the Group via collections from sales and, if necessary, infusions of either equity or debt through the shareholders. All funding for the Group's operations for the next 12 months shall be internally generated. The majority shareholder has committed to continually provide working capital to the Group to assure its continuous operations.

Interim Consolidated Statements of Financial Position

<i>In thousands, except % change data</i>	September 30, 2016 (Unaudited)	December 31, 2015 (Audited)	% Change
Total current assets	₹143,938	₹262,075	(45)
Total assets	3,025,597	3,192,190	(5)
Current liabilities	221,138	336,536	(34)
Total liabilities	232,454	347,852	(33)
Total equity attributable to equity holders of the parent	2,801,282	2,852,078	(2)
Equity attributable to minority interest	(8,139)	(7,740)	5
Total equity	2,793,143	2,844,338	(2)
Current assets/Total assets	0.05	0.08	
Current ratio	0.65	0.78	
Debt to equity ratio	0.08	0.12	

Item 6. Financial Condition

The Group has total assets amounting to ₹3.03 billion as of September 30, 2016 of which ₹2.80 billion or 93.33% comprise of property and equipment, explored mineral resources and other non-current assets. Property and equipment includes mine site development cost which applies to road network, pier, stockyard and land rights. Depreciation is computed using the straight line method. The liabilities of the Group mainly consist of payables to contractors, suppliers and related parties. The payable to related parties represents advances which were used to finance the operation of the Holding Company and its subsidiaries.

The liabilities of the Group mainly consist of payables to contractors, suppliers and related parties. The payable to related parties represents advances which were used to finance the operation of the Group.

6.1 Material Variances Affecting the Balance Sheet

Balance sheet accounts as at September 30, 2016 with variances of plus or minus 5 percent against December 31, 2015 balances are discussed, as follows:

Current Assets

1. The decrease in Cash from ₹10.3 million in 2015 to ₹4.5 million as at September 2016 was due to disbursements which exceeded the collections from receivables.

Disbursements include exploration cost of ₱34.0 million and payment of advances from stockholders amounting to ₱58.0 million.

2. Trade Receivables in 2015 amounting to ₱63.8 million and Sales as of September 30, 2016 amounting to ₱317.7 million were all collected as of September 30, 2016.
3. The decrease in inventory from ₱170.2 million in 2015 to ₱64.9 million in 2016 is attributable to the remaining 162,163 WMT at ₱384 unit price per WMT as of September 30, 2016 against 397,439 WMT at ₱453.18 unit price per WMT as of December 31, 2015
4. The increase in Other Current Assets from pertains to prepaid Royalty Taxes, Unutilized Fuel and Advances to Contractors amounting to ₱3.5 million, ₱7.2 million, and ₱17.7 million, respectively.

Liabilities and Equity

5. The increase in Accounts Payable & other current liabilities from ₱121.6million in 2015 to ₱127.7 million in 2016 are due to additional liabilities made to suppliers and contractors.
6. The decrease in Stockholder's account from ₱127.2 million in 2015 to ₱32.1 million in 2016 was due to payment or settlement of advances of stockholders.

Item 7. Top Key Performance Indicators

Results of operations are analyzed using the following key performance indicators, among other measures:

Tons Extracted and Ore Grade Sold and Shipped

Tons extracted and ore grade are key determinants of sales volume. Higher tonnage and ore grade are directly proportional to revenue level.

Actual Production Cost

Production cost per ton is a key measure of operating efficiency. A lower unit production cost both in ore extraction and smelting operation will result in the Group's meeting, if not exceeding, its profitability targets.

Earnings per Share

The Company's earnings per share is a key measure of the Company's effectiveness in meeting its financial targets that in turn, will provide investors comparable benchmarks relative to similar companies.

Item 8. Other Information

Century Peak Corporation (CPC)

On May 7, 2010 CPC was registered with the Board of Investments (BOI) with Certificate of Registration No. 2010-093, on its mining and extraction of nickel ore at Casiguran, Loreto, Province of Dinagat, as a new project on a Non-Pioneer Status under the Omnibus Investments Code of 1987 (Executive Order No. 226).

As a BOI-registered entity, CPC is entitled to the following incentives, among others:

- a. Tax credit on taxes and duties paid on raw materials and supplies used in producing its export product for a period of ten (10) years from start of commercial operations;
- b. Importation of consigned equipment for a period of ten (10) years from date of registration, subject to posting of re-export bond;
- c. Exemption from wharfage dues, any export tax, duties, imposts and fees for a ten (10) year period from date of registration; and
- d. Simplification of customs procedures for the importation of equipment, spare parts, raw materials and supplies.

Century Peak Cement Manufacturing Corporation (CPCMC) and Century Peak Minerals Development Corporation (CPMDC)

Through MPSA 046-96-VII and MPSA 047-96-VII expiring in 2021, the Group has 4,795 hectares in Pinamungahan, Cebu to mine limestone. And initial assessment in 2012 on an 81 hectare area estimate as indicated limestone resource of 34,000,000 metric tons.

In April and July 2015, the Group was able to obtain the ECC for the Cement Plant/Power Plant and Limestone Quarry Project, respectively.

As of record date, the command center for the Cement Plant located at Pinamungahan, Cebu is already installed, and infrastructure projects are currently on going.

Century Hua Guang Smelting Incorporated (CHGSI)

On October 28, 2009, CHGSI was registered with the Philippine Economic Zone Authority (“PEZA”) under Republic Act (RA) No. 7916 as an ecozone export enterprise to engage in the production of ferro-nickel (pig iron) at the Leyte Industrial Development Estate - Special Economic Zone (LIDE-SEZ).

By virtue of its PEZA Registration, CHGSI is entitled, among other incentives, to four (4) years Income Tax Holiday, which shall be reckoned upon its start of commercial operations, as well as tax and duty free importation of its capital equipment and raw materials, subject to its compliance with the terms and conditions of its registration.

CHGSI Registration with MGB and EMB

CHGSI has filed its application for a Mineral Processing Permit (MPP) for its Smelting Plant and is currently under evaluation with the MGB Regional Office, Region 8. It has received its Amended Environmental Compliance Certificate (ECC), with Reference Code 1003-0011 issued by the Environmental Management Bureau (EMB) - Central Office, to include the installation of a Coking Coal Plant, aside from its smelting plant, also to be located at the Leyte Industrial Development Estate (LIDE) in Isabel, Leyte.

Century Sidewide Smelting Incorporated (CSSI)

The Company entered into partnership with Sidewide Resources (H.K.) Limited, a subsidiary of Chaoyang Saiwai Mining Co., Ltd. of P.R. China. This group owns an iron powder processing plant, electric furnace smelting plant, and primarily does trading of mineral ore. They have offices in Beijing, Shanghai and Hong Kong. It is the Company's plan to set up electric furnaces in the future to enhance the production of its nickel pig-iron. From this newly formed partnership CSSI was incorporated in the Philippines and its Certificate of Registration was issued by the SEC on September 6, 2011.

Century Summit Carrier, Inc. (CSCI)

On December 8, 2011, CSCI was registered with the Marina Industry Authority ("Marina") with Certificate No. DSO-2006-003-095 (2011) under Marina Circular 2006-003 issued pursuant to Section 4 Paragraph 2 and Section 6 (a) of Presidential Decree No. 474 and Section 12 (a) of Executive Order No. 125-A Republic Act to engage in Domestic Shipping Business.

Mineral Rights

The table below summarizes the Group's mineral rights, which were acquired through CPC, as at June 30, 2015:

<u>Tenement Designation</u>	<u>Area Covered (in Hectares)</u>	<u>Location</u>
Mineral Production Sharing Agreement (MPSA) 010-92-X	<u>1,198</u>	<u>Casiguran, Loreto, Dinagat Islands</u>
MPSA-283-2009-XIII-SMR Application for Mineral Production Sharing Agreement (APSA) 086-XIII	<u>3,188</u>	<u>Libjo (Albor), Dinagat Islands</u>
	<u>660</u>	<u>Acoje, Loreto, Dinagat Islands</u>

CPC acquired MPSA-010-92-X or the "Casiguran Nickel Project," by virtue of a deed of assignment executed with Casiguran Mining Corporation on May 29, 2006, which was approved by the Department of Environment and Natural Resources (DENR) on December 11, 2006.

MPSA-283-2009-XIII-SMR was approved by the DENR on June 19, 2009.

The Acoje Property is covered by APSA-086-XIII and Environmental Compliance Certificate (ECC) No. 008-345-301C. APSA-086-XIII is still in process with the MGB Central Office as at December 31, 2015. CPC is the operator of this property by virtue of Memorandum of Agreement between CPC and Maharlika Dragon Mining Corporation executed on April 4, 2008 and registered with the Mines and Geosciences Bureau (MGB)

Regional Office No. XIII on July 30, 2008. On March 25, 2014, CPC and CRAU Mineral Resources Corporation, owner of 47.5% of the property, entered into a Deed of Conditional Assignment transferring to the former the latter's interest over the said mineral property. Initial payment for the property was made on June 11, 2014 and the Deed of Conditional assignment was registered with MGB Regional Office No. XIII on July 4, 2014.

CPC has a Joint Operating Agreement with the Philippine Mining Development Corporation (PMDC) as the operating partner for the exploration, development and mining operations of the Pinamungahan Limestone Property. This covers an area of 4,795 hectares located in Toledo and Pinamungahan, Cebu.

Mining Operations

The Group has ongoing exploration work through CPC in its properties in the Province of Dinagat Island.

CPC released two Geologic Resource Evaluation Reports covering the Casiguran Nickel Project and a Resource Evaluation Report covering Rapid City Parcel II Prospect under MPSA-283-2009-XIII-SMR. These reports were prepared by Dr. Carlo A. Arcilla, an accredited competent person in accordance with the definition of the Philippine Mineral Reporting Code.

Based on the reports, the Casiguran Nickel Project has a combined indicated and measured resource of 9,897,000 DMT with a grade of 1.02% nickel (at 0.8% nickel cut-off). The Rapid City Parcel II Prospect reveal a combined indicated and measured resource of 9,067,000 DMT with a grade of 1.07% nickel (at 0.8% nickel cut-off). These represent 100,000 metric tons of pure nickel and 3.5 million tons of iron in respect of the Casiguran property, and 90,000 tons of pure nickel and 3.8 million tons of iron in respect of the Rapid City Parcel II Prospect, subject to mining plans and metal recovery parameters.

Management looks forward to continue developing and exploring these mineral properties either on its own or with joint venture partners.

PART III - MARKET PRICE AND DIVIDENDS

Item 1. Market Information

The Issuer's common shares of stock are listed and traded in the Philippine Stock Exchange (PSE). The shares were listed with the PSE on October 6, 2009.

The table below shows the range of high and low bid information for the shares of the Company for each quarter from January 1, 2014 until September 30, 2016 where such interim period for the financial statements are required by SRC Rule 68:

Summary of Shares Selling Prices (in ₱)	1st Quarter	2nd Quarter	3rd Quarter	4th Quarter
2016				
Highest	0.67	0.88	0.71	
Lowest	0.45	0.59	0.54	

Summary of Shares Selling Prices (in ₱)	1st Quarter	2nd Quarter	3rd Quarter	4th Quarter
2015				
Highest	1.19	1.13	1.00	0.89
Lowest	0.88	0.92	0.56	0.58

Summary of Shares Selling Prices (in ₱)	1st Quarter	2nd Quarter	3rd Quarter	4th Quarter
2014				
Highest	0.65	1.20	1.06	1.04
Lowest	0.51	0.59	0.85	0.87

The current trading price of the listed common shares of CPM closed at P 0.56 per share on November 25, 2016.

Item 2. Recent Sales of Unregistered Securities or Exempt Securities

There were no sales of unregistered securities or exempt securities including recent issuance of securities constituting an exempt transaction. All the shares of the Issuer are listed with the PSE.

Item 3. Holders

The Company has 229 shareholders as of October 31, 2016 with 2,820,330,450 common shares issued and outstanding.

	Name of Shareholder	Outstanding Shares	Percentage
1	PCD NOMINEE CORPORATION (<i>FILIPINO</i>)	2,182,686,099	77.39%
